14 Manning St.
Derry, NH 03038

BID OPENING:

January 27, 2017 at 1pm
Derry Municipal Center
14 Manning St.
Room 207
Derry, NH 03038

RFP COORDINATOR(S):

Sean Fichera
603-845-5412
seanfichera@derrynh.org

Introduction:

The Town of Derry is requesting bids to obtain 11 rugged fixed mount mobile computers to be mounted within the 2017 Ford Police Interceptor Utility with Havis C-VS-1308-INUT center console.

Instructions & Information to Bidders:

The proposal must be signed in ink by an authorized signer, or by an agent of the responder legally qualified and acceptable to the successful bidder, and contain the printed names, titles, and business and post office address of both parties, if applicable. All bids must be submitted in sealed envelopes and clearly marked as indicated on the first page of this RFP. Bids submitted after the deadline will be rejected.

A responder will be permitted to withdraw their proposal unopened after it has been deposited if such request is received in writing prior to the time specified for opening of the proposals.

The bid will be awarded to the most responsive, performing, qualified low bidder unless supporting information presented recommends another bid.

The Town of Derry reserves the right to reject any and all proposals, to waive technical or legal deficiencies, and to accept any proposal that it deems to be in the best interest of the Town.

Presentation/Training/Service:

- A vendor shall confirm in writing that Parts & Labor will be available for the quoted system for no less than a five (5) year period from the estimated date of purchase.

The vendor shall provide all licensing, software, service and parts manuals required to service the equipment.

Product History and Vendor Reputation:

Responders must be manufacturer authorized and certified (where applicable) to sell and service all equipment and software.

At the discretion of the Town of Derry, vendors submitting bids may be asked to present an onsite demo of the proposed products to staff before the final decision of awarding the bid is made.

Please include 5 local reference accounts for whom you are currently providing similar services to. Accounts need to be municipal public safety agencies with similar size and

scope of work. Include a contact name and phone number. These references must have similar services and total solution.

Financial Considerations:

- An itemized breakdown of all components must be submitted.
- Separately billed: 2D Barcode Scanners, GPS, and Printers
A grant has been awarded for these items and requires reimbursement.
 - These items must be excluded from any lease proposals.
- All applicable taxes shall be indicated in the proposal.
- The cost for delivery, installation, initial set-up and programming shall be included in the proposal price.
- The cost for all required interface cables (i.e. USB, Ethernet, Serial, etc...) must be included.
- The cost for training shall be included in the proposal. This includes any travel, meals and accommodations.
- The vendor must supply the total funded amount as well as leasing options of 3 and 5 years with annual payments. Leasing options should be structured with a \$1 buyout. The Town of Derry may own all machines at the conclusion of the lease due to the funding source being used.
- Upon award the vendor must supply amortization schedules with the name of the financing institution.
- The Town of Derry reserves the right to seek leasing proposals from third parties.

Proposal Acceptance:

- The proposals shall be opened at the Derry Municipal Center on the date and time as indicated on the cover page of this RFP.
- Any proposal may be accepted in whole or in part. The lowest proposal may not necessarily be accepted and the Town of Derry reserves the right to cancel the RFP call. The Town of Derry shall not be held responsible or liable for the payment of any costs that are incurred by the bidder preparing a proposal in response to this RFP.
- The award of the bid will be based on the vendors ability to perform the work requested, experience in installing the proposed products, and price.

Delivery:

A single unit must be shipped to the Town of Derry IT department to configure units for imaging at least one week prior to scheduled install.

All units shall be imaged by the vendor before installation.

The outfitting of police equipment will be performed by a vendor chosen by the police department. The successful bidder may outsource installation to the same vendor or installation shall be performed at the Derry Police Department.

Specifications for New Equipment:

The Town of Derry has evaluated the wants and needs of the department along with current features that are being utilized to facilitate efficient operation.

The equipment must be rated for vehicle operation and comply with MIL-STD 810-G standards for Temperature, Vibration, Humidity, and Altitude. The equipment should also be moisture and dust resistant.

Computer hardware should meet the following minimum criteria:

Operating System: Genuine Windows 7 Professional (64-bit)
