

DEPARTMENT OF PUBLIC WORKS
Michael Fowler, P.E., Director

N14-122

NOTICE

FROM: Michael A. Fowler, P.E., Director of Public Works
DATE: June 26, 2014
SUBJECT: Rockingham Road Construction – Week of June 30, 2014

Work continues on Rockingham Road between Winter Hill Road and Webster's Corner. Rockingham Road will be restricted to one lane of traffic in the construction zone. In addition, a second crew will be mobilized to install sewer along Bypass 28.

For the next few weeks, northbound Route 28 motorists seeking to use Rockingham Road may experience more significant delays Monday – Friday 7am to 5pm. Traffic may be queued in the left turn lane until there is ample capacity so as to not block the signalized intersection at Route 28/Rockingham Road/Island Pond Road. Motorists heading northbound on Route 28 are encouraged to use Route 28 Bypass as an alternate route to Route 102 west.

Work Completed Last Week –

Sewer Main Installation Rockingham Road proceeding east from Bedard Avenue
Sewer services installed Rockingham Road
Sewer Main Installation Route 28 Bypass working south from Circle of Friends
Stumps removed along Route 28 shoulder to Berry Road

Work for upcoming week –

Sewer main installation on Rockingham Road continues working east toward Webster's Corner
Sewer main installation on Bypass 28 continues working south from Circle of Friends.

NO WORK ON JULY 4 - HOLIDAY

Please contact the Department of Public Works office at 432-6144 if there are any questions or concerns.
