

# Re-Imagine Hood Park Survey

The Hood Park Steering Committee was formed in August of 2020 to gather input from community members about what they would like to see retained, changed or added to Hood Park. This survey is part of the committee's effort to gather community input on this topic. All community input will be analyzed and compiled by UNH Cooperative Extension to determine the common themes. The Hood Park Steering Committee will present this information to Town Council at the end of 2020, so that Town Council can make a final, informed decision about Hood Park. All responses are confidential. Thank you for your time.

**To take this survey online, scan this QR code with your phone:**

**1. Which of the following describes you as a visitor of Hood Park? Please circle one.**

- Frequent
- Occasional
- Rare
