# Town of Derry, NH

December 3, 2021

To the Citizens and Members of the Town Council:

The Annual Comprehensive Financial Report (ACFR), formerly known as Comprehensive Annual Financial Report, of the Town of Derry for the fiscal year ended June 30, 2021, is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the Town. To the best of our knowledge and belief, the following data, including the financial statements, supporting schedules and statistical tables, is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the Town. We also believe that the Town's existing internal control systems are adequate. All disclosures necessary to enable the reader to gain an understanding of the Town's financial activities have been included.

The Town management's narrative on the financial activities of the Town for the fiscal year ended June 30, 2021, is in the Management's Discussion and Analysis (MD&A) section of this report, immediately following the Report of Independent Auditors. The letter of transmittal is written to complement the MD&A and the financial statements and should be read from that perspective and in conjunction with all other sections of the ACFR.

The Annual Comprehensive Financial Report is presented in three sections: introductory, financial and statistical. The introductory section includes this transmittal letter, the Town's organizational chart and a list of principal officials. The financial section includes the basic financial statements and schedules, as well as the auditor's report on the financial statements and schedules. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

This report includes all funds and account groups of the Town. The Town provides a full range of services including police and fire emergency medical service and protection, sanitation services, the maintenance and construction of highways, streets, and related infrastructure, recreational activities, libraries, community access Cable TV, general welfare assistance, maintenance of land use records, raising and collection of taxes, community and economic development, health and code enforcement activities, land conservation and maintenance of vital records. In addition to general government activities the governing body exercises, or has the ability to exercise, oversight of the Water and Wastewater departments, and they are included in the reporting entity. This report does not include the funds of the Derry School District or Rockingham County. These governmental units are independent of the Town and do not meet the criteria for inclusion in this ACFR.

#### **Independent Audit**

State statutes require an annual audit by independent public accountants. The Town's accounting firm is Melanson. In addition to meeting the requirements set forth in state statutes, the financial statements, combining, and individual fund statements and schedules are included in the financial section of this report.

#### PROFILE OF THE GOVERNMENT

**Geography**. The Town of Derry is located in Rockingham County in southern New Hampshire, approximately 40 minutes northwest of Boston via Route 93, and is situated between Salem and Londonderry. The Town has a population of 34,317 (according to the New Hampshire Office of Strategic Initiatives) and occupies 36.30 square miles.

Derry was incorporated in 1827 and since 1993 has operated under a charter with a sevenmember Council. Policy making and legislative authority are vested in the governing council. All administrative and operational affairs of the Town are the responsibility of the Town Administrator.

Derry has a diverse character, combining residential, commercial, industrial, and recreational activities. Derry's proximity to two of New Hampshire's major north/south highways, as well as the presence of Manchester-Boston Regional Airport (MHT) makes Derry an attractive community to live and foster business development and growth. Derry is the fourth largest community in the State. MHT offers direct flights to many major cities around the nation.

**Governing Boards**. The Town Council consists of seven members elected to staggered three-year terms. The Council acts as the legislative body of the Town, including adoption of the annual budget, and appoints a Town Administrator to serve an indefinite term as the Town's chief executive. The funds with legal budgets approved by the Town Council include General Fund, Cable Special Revenue Fund, and Enterprise Funds.

**Administration**. Administrative functions of the Town are carried out by the Town Administrator. The Town Administrator is responsible for the administrative and financial affairs of the Town

overseeing the day-to-day operations, and implements policies established by the Town Council. The Town Administrator is responsible for appointing the heads of the various departments, for negotiating with the various bargaining units of the Town and making recommendation to the Town Council on various issues.

Fiscal Year and Budget. The Town's fiscal year begins on July 1 of each year and ends the following June 30. In June 2017, the Town Council unanimously adopted its Fund Balance Policy. This policy sets forth the categories of fund balance in accordance with GASB 54 and delineates the spending prioritizations of them. The policy also sets forth that annually, following completion of the annual financial audit, the Finance Department will calculate the percentage of Unassigned Fund Balance for that fiscal year. If the level of Unassigned Fund Balance exceeds the Town Council set point (9.5%), without action of the Town Council, the surplus shall be transferred to capital reserve funds for Fire, Information Technology, Police, and Public Works for Buildings Maintenance and Improvements. The allocation to each fund is based on the percentage of each area in the Town's adopted six-year Capital Improvement Plan. The unassigned fund balance remains strong and provides increased flexibility for all Town operations.

Items identified for the annual operating budget are included in the Town Administrator's recommended annual budget. Departments are responsible for submitting their annual budget requests to the Town Administrator. After reviews with the departments, the Town Administrator makes any final adjustments to his/her recommended budget. The Department Heads and Town Administrator's recommended budget is presented to the Town Council beginning in April of each year.

The Town Council may adjust the Administrator's recommended annual budget by majority vote. The Council is required to hold a public hearing on the budget, and all budget adjustments are presented to the public. The budget is then presented for approval by the Town Council in May. The legal spending limit is at the department level, as approved by the Town Council.

#### INFORMATION USEFUL IN ASSESSING THE GOVERNMENT'S ECONOMIC CONDITION

#### **Local Economy**

Despite the COVID-19 pandemic, local economic conditions are favorable when compared to other regions. The Town's unemployment rate as of June 2021 is 3.7%, down from the June 2020 unemployment rate of 10.5%. By comparison, the U.S. unemployment rate as of June 2021 is 5.9%. Three major areas of complimentary development are taking shape to provide unprecedented economic expansion within Derry that will benefit the entire State of New Hampshire.

#### Long-Term Financial Planning

The Town continues to revise its budget review process to ensure the efficient use of government resources, research additional revenue sources for one-time capital items, and due to the COVID-19 pandemic, aggressive tracking of revenue performance levels which will assist in the development of operational policies as the pandemic continues and beyond.

During FY 2020 the Town established an Expendable Trust for COVID-19 Mitigation, Response and Recovery. Excess funds or other resources are placed into this fund to offset any future State and Local revenue shortfalls as well as any extraordinary costs related to the pandemic.

#### The Town's Planning Department and Economic Development

Fiscal year 2021 activity in the Planning Department continued at a steady pace for most of the year, post COVID, with both new development proposals as well as projects that had begun prior to COVID and obtained town approvals this past year.

Highlights of development activity in Fiscal Year 2021 included a second warehouse building for Paul the Plumber, a new 18,000 sf. commercial unit bays building, a new 6,000 sf. building for a local tree-cutting business, conceptual discussions for several mixed-use developments of housing/commercial and office space and approval of several small single-family housing subdivisions.

Zoning amendments this past included amending our sign ordinance relating to the Downtown/Central Business District and message boards throughout town, increasing the housing density in the Downtown/Central Business District, revising and adding additional permitted uses in both the General Commercial District and Industrial IV District and expanding the boundary of the Traditional Business Overlay District in the Downtown/Central Business District. We also amended the zoning ordinance to allow for solar energy systems for both residential and business uses.

The most significant work for the department in both 2020 and continuing in 2021 has been our work on the new 2020 Master Plan Update and moving forward with long-term Goals and Implementation Strategies in conjunction with the Planning Board and town departments. Planning staff also participated in the Hood Park Revitalization Plan and committee.

The department put together and submitted an application to the New Hampshire Department of Transportation (NHDOT) to seek funding under the NHDOT Transportation Alternatives Program (TAP) to complete the existing Derry Rail Trail to the Londonderry town line. We are happy to announce that the NHDOT reviewed our application and recommend funding and have the project included in the state's Ten-Year Highway Plan. Final approval is anticipated by the Governor and Legislature in June 2022. The project was also included in the Federal Transportation infrastructure plan/bill by Congressman Chris Pappas for full funding with potential approval (subject to Congress) by the end of 2021. I would like to thank all the town departments, staff, individuals, and organizations that assisted in putting the application together and providing letters of support for the project. Additionally, we would also like to acknowledge and thank the Southern New Hampshire Planning Commission for their assistance with our application.

#### **Economic Development**

Derry is less than 45 minutes from Boston with quick access to Interstate 93, airports, and New Hampshire's largest cities. Within a 30-minute drive time, there are over 250,000 workers supporting

a wide range of industries. Derry's business profile consists of a few large employers, a solid mix of mid-size employers and a strong, well connected small business community. Derry is also home to an abundance of entrepreneurs. Derry is highly rated for its concierge service and business friendliness at every stage of the business cycle. Superb dining, unique entertainment and cultural experience combined with an abundance of recreational options make Derry the perfect place to live, work and play.

Strategically, much of Economic Development's focus was on the 2020 Master Plan Update, which is mentioned above, and revisiting the goals of the previous decades to determine which goals were still relevant. There were several town-wide initiatives to gather updated information and input, including surveys, meetings, workshops, and the like. During that process, Economic Development worked closely with Planning on changes to zoning ordinances to meet the needs of current and future goals. The new West Running Brook District zone was created out of a desire to create new economic development opportunities that would meet the goals of the Master Plan.

#### Highlights of the past year include:

- Retain and Grow Existing Business Although the Business Resource Center has been closed during the COVID-19 pandemic, one-on-one in-person and Zoom meetings have continued, in partnership with the NH Small Business Administration. The pandemic provided an opportunity to strengthen relationships with local business as we worked together to provide access to grant and loan programs, as well as connecting them to resources in myriad ways. We committed to programming (such as Restaurant Month) and social media outreach to help keep local businesses top-of-mind during this most difficult time. As of the 1-year pandemic anniversary, Derry did not lose a single business due to COVID-only reasons.
- Attract New Business Despite the pandemic, Derry is exploding with new projects and businesses. We saw 5 new restaurants open, several properties change hands, and multiple conceptual and site plans for new and redevelopment properties. Recent zoning changes have allowed a larger swath of business uses and relaxed requirements for the inclusion of housing. Continued participation in NH CIBOR meetings (now virtual) offer opportunities for sharing the Derry story. There has been much collaboration of staff, boards and committees, and the future looks bright for our local economy.
- Plan for Smart Sustainable Growth The Pandemic has forced town officials, staff and the
  public to be more flexible and open in their thinking and ability to take action when
  warranted. Derry is now well-positioned to ensure new and redeveloped commercial
  properties are developed for maximum sustainability, and for meeting updated goals of the
  Master Plan.
- Implement Marketing & Communication Plan Marketing and communication has vastly changed in the past year. A greater emphasis was put on direct email and social media approaches and collaborating with others to spread information. We scaled back on print media, enhanced our website to include vital Pandemic information and resources and beefed-up calls and (where appropriate) in-person visits to check in on local businesses. The

- public was more engaged with helping to promote local, which helped make both the Small Business Saturday and Restaurant Month programs a huge success for Derry.
- Placemaking This was the Year of the Mural, as the mural on the wall at Cask & Vine was completed, and the 411-foot-long Derry Aviation/Alan Shepard Mural was started (May) and finished (September) in time to engage rail trail users from near and far, as well as celebrate the 50th Anniversary of the Apollo 14 Mission. This garnered much publicity and brought people back time and again to check on the progress and linger downtown a huge win! In addition, two painted pianos were completed and placed in public. Scaled-back outdoor festivals were held, and the Derry Opera House underwent repairs in order to host events once again.

The Town Council approved the expansion of the Ash Street Tax Increment Financing District to include portions of the Exit 4-A corridor and renamed it as the Gateway TIF District. This expanded district will provide resources for the Town to enhance access to the Town's industrial areas, further supporting private economic development. The finalization of updated zoning to additional parcels in the Industrial IV district will allow for greater economic development possibilities in the future.

#### **Debt Management**

The Town of Derry has adopted a debt management practice of issuing debt which restricts debt service payments to the amount budgeted; this practice allows the Town to attend to its capital needs as older debt service is retired. The Town seeks out other revenue opportunities (cash, fund balance, and available grants) before entering the financial markets to sell a long-term debt issue. The Town utilizes capital leases for the replacement, upgrading or addition of vehicles, trucks and major equipment. The Town presently has no plans to issue additional bonds in the foreseeable future.

The government currently has an Aa1 rating from Moody's Investors Service for bonds issued by the Town prior to FY 2013. In FY 2019, the Town issued \$4.02M in bonds for Exit 4-A, Hood Pond Dam and Recreation Facilities. The Town received a Net Interest Cost rate of 2.36% for the 20-year bonds, which is equivalent to a AAA-rated 22-year issuance. A rating of Bonds issued through the New Hampshire Municipal Bond Bank (NHMBB) have an Aa3 rating from Moody's, an AA rating from Standard & Poor's, and an AA- rating from Fitch.

#### Implementation of GASB 84

The Town implemented for year end June 30, 2021, GASB 84 reporting for custodial funds. These custodial funds include the additions and deductions on behalf of:

- Taxes and Fees
- Derry Cooperative School Capital Reserve

#### **Awards and Acknowledgements**

This report continues to refine the financial reporting of the Town. It is the twenty-third year the Town has produced an annual comprehensive financial report (ACFR). The Town received the

Certificate of Achievement for Excellence in Financial Reporting for the Fiscal Years beginning in 1998 through 2020. This recognized the Town Finance Department's efforts for full disclosure of the financial information of the Town. A ACFR is a much more detailed reporting of the Town's finances, as well as providing historical information in the statistical section of this report.

The Certificate of Achievement is valid for a period of one year only. The Town believes that the current ACFR continues to meet the Certificate of Achievement Program's requirements and it will be submitted to the Government Finance Officers Association to determine its eligibility for another certificate.

The Town invites you to visit our web site at <a href="www.Derrynh.org">www.Derrynh.org</a> where summary financial information is prominently displayed.

The publication of the ACFR requires many staff hours to accomplish and would not have been possible without the dedication of the entire staff of the Finance Department.

The strong financial position of the Town would not have been possible without the guidance and direction of the Town Council through its fiscal policies; the professional and diligent efforts of the entire staff of the Town; all to whom we owe our sincere appreciation.

Respectfully submitted,

David Caron

#### INDEPENDENT AUDITORS' REPORT

To the Town Council
Town of Derry, New Hampshire

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Derry, New Hampshire (the Town), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the Table of Contents.

#### Management's Responsibility for the Financial Statements

The Town's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing

an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Derry, New Hampshire as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

As discussed in Note 19 to the financial statements, the Town adopted Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. Our opinion is not modified with respect to this matter.

#### **Other Matters**

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison for the General Fund, and the certain Pension and OPEB schedules and the Schedule of Condition Assessment and Maintenance Costs be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board*, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with evidence sufficient to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The combining and individual nonmajor fund financial statements and the budgetary comparison schedule are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 3, 2021 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Town's internal control over financial reporting and compliance.

Merrimack, New Hampshire December 3, 2021

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the financial performance of the Town of Derry, New Hampshire (the Town) is prepared by management to provide an overview of the Town's financial activities for the fiscal year ended June 30, 2021.

#### A Brief Discussion of the Basic Financial Statements

#### **Using This Annual Report**

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Town as a whole and present a longer-term view of the Town's finances. Fund financial statements follow. For governmental activities, these statements tell how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant funds. The remaining statements provide financial information about activities for which the Town acts solely as a trustee or agent for the benefit of those outside of the Town.

#### Reporting the Town as a Whole

The Statement of Net Position and the Statement of Activities report information about the Town as a whole and about its activities in a way that helps answer this question. These statements include *all* assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town's net position and its changes during the past year. Over time, increases or decreases in the Town's net position are indicators of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the Town's property tax base and the condition of the Town's roads, to assess the overall health of the Town.

In the Statement of Net Position and the Statement of Activities, we divide the Town's functions into two kinds of activities:

Governmental activities – Most of the Town's basic services are reported here, including the police, fire, public works, finance, executive administration, and library department activities. Property taxes, fees, and state and federal grants finance most of these activities.

Business activities – The Town charges a fee to customers to help it cover all or most of the cost of certain services it provides. The Town's water and sewer system activities are reported here.

#### **Reporting the Town's Most Significant Funds**

Our analysis of the Town's major funds provides detailed information about the most significant funds – not the Town as a whole. Some funds are required to be established by State law and by bond covenants. However, the Town Council establishes many other funds to help it control and manage money for particular purposes (Capital Project Funds) or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money (such as Special Revenue Funds used to account for Public Safety or Health grant revenue).

The Town's two main types of funds: Governmental and Proprietary, use different accounting approaches.

Governmental funds – Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be converted readily to cash. The governmental fund statements provide a detailed short-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation at the bottom of the fund financial statements.

Proprietary funds – When the Town charges customers for the services it provides, whether to outside customers or to other units of the Town, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities reported in the Statement of Net Position and the Statement of Activities. In fact, the Town's Enterprise funds (a component of proprietary funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows for proprietary funds.

#### The Town as Trustee or Custodian

The Town is the trustee, or fiduciary, responsible for other assets that can be used only for the trust beneficiaries because of the trust arrangements. The Town is responsible for ensuring that assets reporting in these funds are used for their intended purpose. The Town also holds resources on behalf of other organizations and governments in pure custodial capacity. All of the Town's fiduciary activities are reported in separate Statements of Fiduciary Net Position and

Changes in Fiduciary Net Position. We exclude these activities from the Town's other financial statements because the Town cannot use these assets to finance its operations.

#### **Condensed Financial Statements**

#### **Financial Highlights**

- As of the close of the current fiscal year, net position in governmental activities was \$83,542,079, a change of \$2,067,652, and net position in business-type activities was \$40,844,352, a change of \$1,840,513.
- As of the close of the current fiscal year, governmental funds reported combined ending balances of \$42,979,153, a change of \$2,605,497 in comparison to the prior year.
- At the end of the current fiscal year, the total General Fund balance was \$27,774,310, a change of \$2,090,593 in comparison to the prior year. The unassigned General Fund balance was \$12,112,932, a change of \$730,723.

#### The Town as a Whole

#### **Government-Wide Financial Analysis**

The following analysis focuses on net position and changes in net position of the Town's governmental and business-type activities and separately considers the operations of both activities. The charts on the next few pages highlight current year and prior year comparisons of net position and changes in net position for Governmental activities, Business type activities (water and sewer operations), and totaled for each year.

#### **Governmental Activities**

The net position of \$83,542,079 for governmental activities includes \$108,268,697 of net investment in capital assets which is not available for future spending. Net investment in capital assets comprises depreciated property value of roadways, land, easements, buildings, vehicles, equipment, and software less the total amount of outstanding bonds or leases associated with these assets. Roadways, bridges, and sidewalks comprise most of the asset value and provide a function to citizens of Derry, but would not be sold to fund future Town obligations.

The restricted net position of \$11,960,059 is subject to use restrictions that are external to local government control and these funds are not available to pay for general Town obligations. Permanent endowments comprise the majority of restricted net position and are in the care of the Town's Trustees of the Trust Funds.

The unrestricted net position can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements. The Town's unrestricted net position resulted in a deficit of \$(36,686,677) primarily resulting from unfunded pension and OPEB liabilities.

Overall, the total net position of governmental activities increased by \$2,067,652. Key elements of this change are as follows:

| General fund operations                              | \$  | 2,090,593   |
|--|-----|-------------|
| Change in net OPEB liability related deferred        |     |             |
| outflows and inflows of resources                    |     | 133,393     |
| Change in net pension liability and related deferred |     |             |
| outflows and inflows of resources                    |     | (3,156,261) |
| Issurance of capital leases                          |     | (1,079,055) |
| Capital asset additions, net                         |     | 4,124,791   |
| Other  | _   | (45,809)    |
| Total Changes  | \$_ | 2,067,652   |

The Net Cost of Services chart shown below demonstrates the financial impact that was placed on the Town's taxpayers by each of the Town functions. The Town's investment in public safety, fire, ambulance, and police services represents 49.8% of the net cost of the Town's local government.

| Highway and streets    | 4,165       | 716      | 3,449       | 5,494       | 957      | 4,537                   |  |  |
| Health and welfare     | 389         | 54       | 335         | 418         | 73       | 345                     |  |  |
| Sanitation             | 2,720       | 770      | 1,950       | 2,526       | 580      | 1,946                   |  |  |
| Culture and recreation | 3,048       | 57       | 2,991       | 3,070       | 98       | 2,972                   |  |  |
| Economic Development   | 673         | 37       | 636         | 502         | 13       | 489                     |  |  |
| All others             | 446         |          | 446         | 491         |          | 491                     |  |  |
| Total                  | \$ 43,336   | \$ 5,648 | \$ 37,688   | \$ 43,408   | \$ 5,049 | \$ 38,359               |  |  |

The net cost of services for governmental activities decreased by \$(671) thousand. The decrease primarily results from a (2.0)% decrease in the cost of services.

#### **Business Type Activities**

The net position of the water and sewer enterprises totals \$40,844,352. The capital assets of \$40,037,088 in water and sewer pipes, pump stations, and lagoon infrastructure capital assets, offset by related bonded debt of \$3,540,000, comprise most of the value in the net position of the

business type activities. The Net Investment in Capital Assets of \$36,438,314 is not available to pay for future activities and reflects an increase from the previous fiscal year of \$1,347,680. The unrestricted net position totaling \$4,406,038 is available for future spending. This represents an increase of \$492,833.

#### **Analysis of Balances and Transactions of Individual Funds**

#### **Governmental Funds**

As noted earlier, fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements.

Governmental fund reporting reflects short-term inflows, outflows, and remaining balances of expendable resources. Fund Balance includes restricted funds that are non-spendable or are subject to restrictions external to local government control and unrestricted fund balances that are available for future use. Of the \$42,979,153 total fund balance for governmental funds, \$14,595,466 is non-spendable or restricted and \$28,383,687 is unrestricted (committed, assigned, and unassigned).

At the end of the current fiscal year, governmental funds reported combined ending fund balances of \$42,979,153, a change of \$2,605,497 in comparison to the prior year.

The governmental funds financial statements can be found on pages 39 to 42.

#### **General Fund**

The General Fund is the only major governmental fund of the Town and is the chief operating fund. The total General Fund balance increased by \$2,090,593 during 2021. Of the total \$27,774,310 General Fund balance, \$12,112,932 was unassigned as of June 30, 2021.

In accordance with the Town's fund balance policy, as amended in fiscal 2017, the amount of unassigned fund balance is limited to 9.50% of the Town's General Fund operating appropriations, the state education tax amount, the local school net tax commitment and the county appropriation. The first \$650,000 of excess unassigned fund balance may be used to stabilize the tax rate and further excess is committed to fund future capital improvements, with a maximum transfer of \$1,500,000. At the end of fiscal year 2021, the unassigned fund balance of the General Fund was over the 9.5% of the above appropriations. As a result, \$942,294 was transferred to the capital reserves.

The Town measures liquidity based on the appropriations of the ensuing year because the Town is responsible for raising funds by taxation for the school district and county that are not reported in the financial statements of the Town. The education portion of the property tax commitment above is estimated for the next fiscal year.

The effect of events discussed in Budgetary Highlights Section of this Management's Discussion and Analysis contribute to the changes in General Fund balance. The amount of revenue and other sources that exceed the expenditures in other sources add to the unassigned General Fund balance at year-end. Any restrictions or commitments or assignments of funds are carved from the unassigned fund balance to reflect restrictions due to external obligations or commitments made by the Town Council or assignments made by management.

The changes in the total General Fund balance were impacted by the following factors:

| Revenue in excess of budget              | \$  | 1,992,959   |
|--|-----|-------------|
| Expenditures less than budget            |     | 3,082,134   |
| Other financing sources less than budget |     | (911,065)   |
| Change in appropriation carryforwards    |     | (350,433)   |
| Use of unassigned fund balance           |     | (1,269,002) |
| Other                                    | _   | (454,000)   |
| Total Changes                            | \$_ | 2,090,593   |

A summary of the changes to the Town's Available Fund Balance per the Town's Fund Balance Policy is provided below:

|  | Summary of<br>Changes in Unassigned<br>Fund Balance per<br><u>Town's Policy</u> |             |  |  |  |

| Hazardous & Dilapidated Building | 63,917          | 38,546          | 25,371          |
| Highway Winter Maintenance       | 194,464         | 44,401          | 150,063         |
| Information Technology           | 57,590          | 33,248          | 24,342          |
| Parks Facilities Fund            | 30,324          | 88,078          | (57,754)        |
| Police                           | 884,984         | 1,036,482       | (151,498)       |
| Public Works                     | 968,349         | 1,090,979       | (122,630)       |
| Taylor Library                   | 353,327         | 340,748         | 12,579          |
| EMT                              | 265,724         | 280,729         | (15,005)        |
| Other                            | 6,963           | 6,430           | 533             |

The use of these reserves has been an important and effective planning tool to save and prepare for major projects under the tax cap constraints on annual net appropriations.

## **Enterprise Fund Activities**

Charges for service revenue reported an 7.7% increase in the Water division and a 8.3% increase in the Sewer division compared with the prior year.

The Water division operating income of \$38,825 decreased by (91.2)% primarily from an increase in repairs and maintenance, utilities, and miscellaneous costs.

The Sewer division operating income of \$195,584 increased by 89.5% primarily from an increase in operating revenues.

Water and Sewer rates changed on July 1, 2020. The Water rate increased 5.5% for Town of Derry residents and 15.7% for nonresidents. The Sewer rate increased 6.5% for both Town of Derry residents and for nonresidents.

## **Budgetary Highlights**

The fiscal year 2021 budget was voted by the Town Council in May 2020 at a total of \$45,758,562 (\$45,233,807 for General Fund and \$524,755 for Cable Special Revenue Fund). This original budget was reduced by \$(47,706) by two supplemental resolutions approved in August and October of 2020 and \$(350,000) of the capital outlay budget was reclassified to the Sewer Fund, decreasing the original budget to \$44,836,101 as presented on page 88.

The Town Council approved multiple supplemental resolutions during the year which increased the General Fund budget by \$2,039,663 to \$46,875,734. Of the supplemental resolutions, the Town approved the following significant items:

- \$1,093,420 for COVID-19 Mitigation, Response, and Recovery funded by one-time situational revenues available.
- \$478,844 for retirement of long-tenured employees funded by the Compensated Absences Capital Reserve Fund.

The Town also approved prior year carryforwards of \$1,100,097, the fiscal year 2020 year-end transfer of \$1,050,000, and \$36,190 library appropriations increasing the General Fund budget to \$49,062,051.

The fiscal year closed with a General Fund surplus of \$5,075,093, before considering other financing sources. The surplus is largely related to the following items:

- \$1,585,292 of excess revenues received in taxes for TIF Districts.
- \$817,413 of excess revenues received in the licenses and permits.
- \$819,836 of expenditures under budget for the police and animal control department.
- \$1,442,762 of expenditure under budget for the executive department.

Other financing sources primarily include the transfers in from other funds less than budget of \$(745,951).

More information regarding capital assets is presented in Note 8 to the financial statements.

#### **Governmental Activities**

The total investment in capital assets for governmental at year-end amounted to \$119,359,362 (net of accumulated depreciation), a change of \$1,638,889 from the prior year. This investment includes land, land improvements, infrastructure, monuments, retained tax deeded properties, intangibles, buildings, building improvements, equipment, and vehicles.

Additions were funded with a combination of funding by donations, grants, debt, and use of fund balance. Major acquisitions in 2021 are noted below:

| • | \$1,079,055 | – Pierce Enforcer Quint 110' Ascendant Platform Vehicle               |
|---|-------------|---|
| • | \$508,007   | <ul> <li>North Shore Rd-Island Pond Bridge Replacement</li> </ul>     |
| • | \$452,683   | <ul><li>– 2020 Ford Explorer Interceptor Vehicles(10)</li></ul>       |
| • | \$320,000   | <ul> <li>Public Safety Communication System Upgrades</li> </ul>       |
| • | \$317,937   | – Hood Dam Upgrade  |
| • | \$178,979   | <ul> <li>2021 Mack GR64F 10 Wheel Dump Truck-Public Works</li> </ul>  |
| • | \$176,380   | <ul> <li>Derry Municipal Center Roof Top HVAC Upgrade</li> </ul>      |
| • | \$159,983   | – Rail Trail Extension  |
| • | \$125,112   | – Fire Station 1 Addition   |
| • | \$100,540   | <ul> <li>Watchguard Video Cameras for (14) Police Vehicles</li> </ul> |
| • | \$96,670    | <ul> <li>Derry Public Library Chiller Upgrade</li> </ul>              |

## **Business Type Activities**

The total investment in capital assets for business-type activities at year-end amounted to \$40,037,088 (net of accumulated depreciation), a change of \$915,258 from the prior year. This investment includes land, infrastructure, intangibles, buildings, building improvements, equipment, and vehicles.

Primary capital investment in 2021 is reported to the nearest thousand as noted below:

- \$1,279,040 Southern New Hampshire Regional Water Interconnection Project
- \$314,604 Rockingham Road Water Pump Station Upgrade
- \$133,564 44 Manchester Road-Water Pump Station
- \$129,652 Wastewater Lift Station Generators (3)

## **Long-Term Liabilities**

Changes to our outstanding bond debt are reflected in the chart below:

Town of Derry, New Hampshire Outstanding Bond Debt As of June 30, (in thousands)

| Annual change (decrease) Percent change          | \$ (857)<br>-8.6%          | \$ (428)<br>-10.8%          | \$ (1,285)<br>-9.3% |  |  |  |  |

On May 2, 2019, Standard & Poor's issued an AA+ rating to the Town of Derry's \$4.0M general obligation bonds issued in fiscal year 2019.

More information regarding capital leases and bonds and other long-term debt is presented in Notes 13 and 14 to the financial statements.

Other long-term liabilities include net pension liability, accrued vacation pay, sick leave, capital leases, and other post-employment benefits (OPEB). More information on net pension liability can be found in Note 17 of the financial statements and required supplementary schedules found on pages 90-91. More detailed information about the Town's net OPEB liability is presented in Note 18 to the financial statements and required supplementary schedules found on pages 92-93.

## **Next Year's Budgets**

The FY2022 budget was voted by the Town Council in May 2021 at a total of \$51,724,300 for all funds. Due to budgeted grant revenue adjustments by the State of New Hampshire prior to tax rate setting, the budget was reduced by the Town Council to \$51,681,581. The Town Council's goal was to create a budget that would not create a significant increase in taxes but also was in recognition of the services the Town offers. Their goal had been achieved with their vote by using \$650,000 in undesignated fund balance to offset the tax rate.

Also prior to tax rate setting, the State Legislature amended the statute to fully fund Meals and Rooms revenues to towns and cities. This change allows the Town to rely upon sustainable revenues to offset property tax burdens. Due to this action, the Town Council amended the fund balance policy to reduce the \$650,000 undesignated fund balance tax rate offset by the anticipated increase in the Meals and Rooms revenue. This allows for the replenishment of the Town's undesignated fund balance.

## **Contacting the Town's Financial Management**

This financial report is designed to provide Derry's citizens, taxpayers, customers, investors, and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, please contact the Chief Financial Officer at the Derry, NH Finance Department at (603) 845-5427. The Chief Financial Officer may be reached at markfleischer@derrynh.org.

Reconciliation of the Statement of Revenues, Expenditures, and Changes
In Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2021

| Net changes in fund balances - total governmental funds   | \$  | 2,605,497   |
|---|-----|-------------|
| Amounts reported for governmental activities in the statement of activities are different because:  |     |             |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.   |     |             |
| Capital asset purchases, net  |     | 4,124,791   |
| Depreciation  |     | (2,485,901) |
| Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.  |     | 45,652      |
| The issuance of long-term debt (e.g., bonds and capital leases) provide current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the financial resources of governmental funds. Neither transaction, however, has any effect on net position: |     |             |
| Issuance of capital leases  |     | (1,079,055) |
| Repayments of bonds   |     | 856,500     |
| Repayments of capital leases  |     | 1,133,319   |
| Other   |     | 6,854       |
| In the Statement of Activities, interest is accrued on outstanding bonds and capital leases, whereas in governmental funds, an interest expenditure is reported when paid.  |     | 11,797      |
| Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in governmental funds.  |     |             |
| Change in net pension liability and related deferred outflows and inflows   |     | (3,156,261) |
| Change in net OPEB liability and related deferred outflows and inflows  |     | 133,393     |
| Change in accrued employee benefits   | _   | (128,934)   |
| Change in net position of governmental activities   | \$_ | 2,067,652   |

Notes to Financial Statements

## 1. Summary of Significant Accounting Policies

The accounting policies of the Town of Derry (the Town) conform to generally accepted accounting principles (GAAP) as applicable to governmental units. The following is a summary of the significant policies:

## **Reporting Entity**

The Town is a municipal corporation governed by an elected Town Council. As required by GAAP, these financial statements present the Town and applicable component units for which the Town is considered to be financially accountable. In fiscal year June 30, 2021, it was determined that no entities met the required GASB 14 (as amended) criteria of component units.

The Town of Derry, New Hampshire (the Town) was incorporated in 1827. In March 1993, the voters of the Town adopted a Charter which established a Town Council and Town Administrator form of government. The Town Administrator is the Chief Administrative officer and is responsible for the administrative and financial affairs and for carrying out the policies enacted by the Town Council.

## Government-wide and Fund Financial Statements

Government-wide Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. However, internal eliminations do not include services provided to Town departments. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

#### **Fund Financial Statements**

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

## Measurement Focus, Basis of Accounting, and Financial Statement Presentation Government-wide Financial Statements

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as is the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

#### **Fund Financial Statements**

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, certain expenditures such as debt service, claims and judgments, compensated absences, OPEB, and pension are recorded only when payment is due.

The Town reports the following major governmental fund:

 The General Fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The proprietary fund financial statements are reported using the *economic resources* measurement focus and the *accrual basis of accounting*. Under this method, revenues are recognized when earned and expenses are recorded when liabilities are incurred.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The Town reports the following major proprietary funds:

- The Water Fund accounts for all revenues and expenses pertaining to the Town's water operations.
- The Sewer Fund accounts for all revenues and expenses pertaining to the Town's wastewater treatment and disposal sanitation operations.

The fiduciary fund financial statements are reported using the *economic resources* measurement focus and the *accrual basis of accounting*. Under this method, revenues are recognized when earned and expenses are recorded when liabilities are incurred.

The Town reports the following fiduciary funds:

- The Private-Purpose Trust Fund is used to account for trust arrangements, other than
  those properly reported in the permanent fund, under which principal and investment
  income exclusively benefit individuals, private organizations, or other governments.
  Private purpose trust funds held by the Town include trust arrangements for the Derry
  Public Schools, Derry Visiting Nurse Association, East Derry Improvements Society, and
  Memorial Day Flowers.
- The Custodial Funds account for fiduciary assets held by the Town in a custodial capacity as an agent on behalf of others and are not required to be reported elsewhere on the financial statements. Custodial funds include taxes and fees collected on behalf of other governments, as well as capital reserve funds held in a trust by the Trustees of Trust Funds.

## Cash, Cash Equivalents and Investments

Cash balances from all funds, except those required to be segregated by law, are combined to form a consolidation of cash. Cash balances are invested to the extent available, and interest earnings are recognized in the General Fund. Certain special revenue, proprietary,

and fiduciary funds segregate cash, and investment earnings become a part of those funds.

Deposits with financial institutions consist primarily of demand deposits, money market deposits, certificates of deposits, savings accounts, and money market accounts. Generally, a cash and investment pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the combined financial statements under the caption "cash and short-term investments".

State and local statutes place certain limitations on the nature of deposits and investments available. Deposits in any financial institution may not exceed certain levels within the financial institution. The Town's investments consist of nonnegotiable certificates of deposit which are reported at cost.

Investments, generally, are presented at fair value. Where applicable, fair values are based on quotations from national securities exchanges, except for certain investments that are required to be presented using the net asset value (NAV). The NAV per share is the amount of net assets attributable to each share of capital stock outstanding at the close of the period. Investments measured at the NAV for fair value are not subject to level classification.

## **Interfund Receivables and Payables**

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due from/to other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans).

Advances between funds are offset by a fund balance reserve account in applicable governmental funds to indicate the portion not available for appropriation and not available as expendable financial resources.

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

## **Prepaid Items**

Payments made to vendors for services that will benefit periods beyond June 30, 2021 are recorded as prepaid items. Prepaid items are recognized using the consumption method.

#### **Inventories**

Inventories are valued at cost using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when purchased rather than when consumed. No significant inventory balances were on hand in governmental funds.

#### Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, (for enterprise funds only) and intangibles are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial individual cost of more than \$10,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The Town has elected to use the "modified approach" as defined by GASB Statement No. 34 for infrastructure reporting on its roadways and sidewalks. As a result, no accumulated depreciation or depreciation expense has been recorded for these assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital is depreciated using the straight-line method over the following estimated useful lives:

| <u>Assets</u>                   | <u>Years</u> |
|---------------------------------|--------------|
| Buildings and improvements      | 10 - 50      |
| Equipment and vehicles          | 5 - 10       |
| Infrastructure and other assets | 20 - 50      |
| Temporary easements             | 1 - 5        |
| Software                        | 5 - 7        |

#### **Compensated Absences**

It is the Town's policy to permit employees to accumulate earned but unused absences. All vested absences pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

## **Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt, and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position.

#### **Fund Equity**

Fund equity at the governmental fund financial reporting level is classified as "fund balance". Fund equity for all other reporting is classified as "net position".

## **Fund Balance**

Generally, fund balance represents the difference between the current assets/deferred outflows and current liabilities/deferred inflows. The Town reserves those portions of fund balance that are legally segregated for a specific future use or which do not represent available, expendable resources and therefore, are not available for appropriation or expenditure. Unassigned fund balance indicates that portion of fund balance that is available for appropriation in future periods. The General Fund is the only fund that reports a positive unassigned fund balance.

When an expenditure is incurred that would qualify for payment from multiple fund balance types, the Town uses the following order to liquidate liabilities: restricted, committed, assigned and unassigned.

#### Net Position

Net position represents the difference between assets/deferred outflows and liabilities/deferred inflows. Net investment in capital assets, consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The remaining net position is reported as unrestricted.

## **Use of Estimates**

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures for contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of the revenues and expenditures/expenses during the fiscal year. Actual results could vary from estimates that were used.

## 2. Stewardship, Compliance, and Accountability

## **Budgetary Information**

General government revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. The budget represents departmental appropriations as authorized by the Town Charter with annual or special budgetary public hearings. By the same procedures additional amounts may be

appropriated during the year in emergency cases. There were two supplemental budgetary appropriations voted during the year. The Town Council adopts its budget under regulations of the New Hampshire Department of Revenue Administration which differ somewhat from accounting principles generally accepted in the United States of America in that the focus is on the governmental unit as a whole rather than on the basis of fund types. Special Revenue Fund budgets for the cable television fund and Enterprise Fund budgets for the water and sewer departments are adopted. Capital Project Funds do not have adopted budgets.

Formal budgetary integration is employed as a management control device during the year for the General Fund.

At year-end, appropriation balances lapse, except for certain unexpended capital items and encumbrances which will be honored during the subsequent year.

## **Budgetary Basis**

The General Fund final appropriation appearing on the "Budget and Actual" page of the fund financial statements represents the final amended budget after all reserve fund transfers and supplemental appropriations.

## Legal Level of Control

The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount for each budget for which data is presented without the approval of the governing body) is the total budgeted amount for each department.

## **Limitation of Budget Increases**

During 2004, the Town amended Section 9.4 of the Derry Town Charter regarding the limitation of budget increases. In accordance with this amendment, the Town Council, in establishing a municipal budget, shall be allowed to assume an estimated property tax rate only in an amount equal to the equalized tax rate established during the prior fiscal year increased by a factor equal to the change in the National Consumer Price Index as published by the United States Department of Labor for the calendar year immediately preceding budget adoption. The exception to this limitation regarding the inclusion of principal and interest on municipal bonds remained unchanged. The factor is now based on the Northeast Region CPI as a result of the Charter Amendment approved by voters in March 2013.

#### 3. Cash and Investments

State statutes (RSA 41:29 for and Towns and 31.25 for trust funds) place certain limitation on the nature of deposits and investments available to the Town. Deposits may be made in the New Hampshire Deposit Investment Pool (NHPDIP), established pursuant to RSA 383:22, in

NH Banks or banks outside the State if such banks pledge and deliver to a third-party custodial bank with various collateralized security.

State statue RSA 35:9, for town capital reserve funds, limits funds be invested in federally or state-chartered banks or associations authorized by the State of New Hampshire; in bonds or notes of the State of New Hampshire; in stocks and bonds as are legal for investment by banks and associations chartered by the State of New Hampshire to engage in a banking business; in NHPDIP established pursuant to RSA 383:22; or in obligations with principal and interest fully guaranteed by the United States government.

## Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. RSA 48:16 limits "deposit in any one bank shall not at any time exceed the sum of its paid-up capital and surplus, exception that a Town with a population in excess of 50,000 is authorized to deposit funds in a solvent bank in excess of the paid-up capital surplus of said bank."

As of June 30, 2021, \$70,680,284 of the Town's bank balance of \$73,320,385 was insured and/or collateralized.

As of June 30, 2021, the Trust cash equivalent bank balance of \$2,640,101 was exposed to custodial credit risk as uninsured and/or uncollateralized, held by counterparty's agent.

The following is a summary of the Town's investments as of June 30, 2021:

| <u>Investment Type</u>                |     | <u>Amount</u> |
|---------------------------------------|-----|---------------|
| Corporate bonds                       | \$  | 840,927       |
| Corporate equities                    |     | 5,488,860     |
| Equity mutual funds                   |     | 299,377       |
| Fixed income mutual funds             |     | 448,747       |
| Market-linked certificates of deposit |     | 5,367,380     |
| Federal agency securities             |     | 6,583,226     |
| Other                                 |     | 587,783       |
| Total investments                     | \$_ | 19,616,300    |

#### Custodial Credit Risk - Investments

Custodial credit risk for investments is the risk that in the event of a failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of the investment or collateral securities that are in the possession of another party.

The Town's investment policy for governmental and business-type funds requires that deposits and investments be made in New Hampshire based financial institutions that are participants in one of the federal depository insurance programs. The Town limits its investments to demand deposits, money market accounts, certificates of deposit and repurchase agreements in accordance with New Hampshire State law (RSA 41:29) or the New Hampshire Public Deposit Investment Pool (NHPDIP), an external investment pool, in accordance with New Hampshire State law (RSA 197:23-a). Responsibility for the investments of the Trust Funds is with the Board of Trustees, who have employed professional banking assistance in accordance with New Hampshire State law (RSA 31:38a).

In accordance with the Town's investment policy, all security transactions, including collateral for repurchase agreements, shall be conducted on a "delivery vs. payment" basis. Securities will be held by a third-party custodian, or trust department designated by the Treasurer and evidenced by safekeeping receipts. The collateral shall only consist of securities in which Towns may invest, as provided in New Hampshire State law (RSA 41:29).

The Town's policy for investments under the custodianship of the Trustees of Trust Funds follow the prudent investor guidelines which allow for various investments as long as these investments would be acquired by prudent persons of discretion and intelligence in investment matters, who are seeking a reasonable income and the preservation of capital. Upon advice of the contracted, qualified external money management company, the Town may invest in corporate stocks, bonds or other debentures subject to limitations in New Hampshire State law (RSA 383:22).

Of the total investments of \$19,616,303, \$6,703,290 is collateralized by FDIC insurance. The Town's remaining investments of \$12,913,013 are exposed to custodial credit risk because the related securities are uninsured, unregistered and/or held by the Town's brokerage firm, which is also Counterparty to these securities. The risk is managed by securities being held in separately identifiable trust accounts.

#### Credit Risk – Investments of Debt Securities

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. State law employs the prudent person rule whereby investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments.

The Town's investment policy addresses credit risk by limiting investments to the safest types of securities and diversifying the investment portfolio. With the exception of U.S. Treasury securities, and U.S. Government agencies, no more than 75% of the Town total investment portfolio will be invested in a single security type or with a single financial institution, unless 100% collateralized.

Presented below is the actual rating as of year-end for each investment type of the Town (All federal agency securities have an implied credit rating of AAA.):

|                                       |    | Rating as of Year End |     |            |    | ear End        |
|---------------------------------------|----|-----------------------|-----|------------|----|----------------|
| Investment Type                       |    | <u>Amount</u>         |     | <u>AAA</u> |    | <u>Unrated</u> |
| Corporate bonds                       | \$ | 840,927               | \$  | -          | \$ | 840,927        |
| Fixed income mutual funds             |    | 448,747               |     | -          |    | 448,747        |
| Market linked certificates of deposit |    | 5,367,380             |     | =          |    | 5,367,380      |
| Federal agency securities             | _  | 6,583,226             | _   | 6,583,226  | _  | -              |
| Subtotal                              | \$ | 13,240,280            | \$_ | 6,583,226  | \$ | 6,657,054      |

## Concentration of Credit Risk - Investments

The Town places no limit on the amount the Town may invest in any one issuer.

Individual investments exceeding 5% of the Town's total investments are as follows:

|                   |     |               | % of Total         |
|-------------------|-----|---------------|--------------------|
| Investment Issuer |     | <u>Amount</u> | <u>Investments</u> |
| FHLB Callable     | \$_ | 997,560       | 5%                 |
| Total             | \$_ | 997,560       |                    |

#### Interest Rate Risk – Investments of Debt Securities

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Town does not have formal investment policies limiting investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

It is the Town's policy to invest all funds, other than Trust Fund investments, in a manner which will provide safety of principal with a market rate of return while maintaining a sufficient level of liquidity to meet the daily cash flows of the Town. In order to maintain liquidity, investments of operating funds shall have maturities of one year or less. Certain long-term reserve funds such as capital projects may be invested in securities exceeding one year if the maturity of such investments is made to coincide with the expected use of the funds.

One of the ways that the Town manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time.

Not more than 5% of the Town's investment portfolio, other than Trust fund investments, is to be invested in securities with maturities greater than one year. The Town's investments include certificates of deposits.

Information about the sensitivity of the fair values of the Town's investments to market interest rate fluctuations is as follows:

|                                  |       |               |     | Investment Maturities (in Years) |     |            |    |             |    |                   |
|----------------------------------|-------|---------------|-----|----------------------------------|-----|------------|----|-------------|----|-------------------|
|                                  |       |               |     | Less                             |     |            |    |             |    |                   |
| Investment Type                  |       | <u>Amount</u> |     | Than 1                           |     | <u>1-5</u> |    | <u>6-10</u> | -  | <u>Thereafter</u> |
| Corporate bonds                  | \$    | 840,927       | \$  | -                                | \$  | 707,517    | \$ | 133,410     |    | -                 |

| Subtotal                         | \$_   | 13,240,280    | \$_ | 506,220                          | \$_ | 8,738,794  | \$ | 3,925,934   | \$ | 69,332            |

#### Foreign Currency Risk - Investments

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair value of an investment. The Town does not have formal investment policies related to foreign currency risk.

#### Fair Value

The Town categorizes its fair value measurements within the fair value hierarchy established by Governmental Accounting Standards Board Statement No. 72 Fair Value Measurement and Application (GASB 72).

The hierarchy is based on the valuation inputs used to measure the fair value of the asset and give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy categorizes the inputs to valuation techniques used for fair value measurement into three levels as follows:

- Level 1 inputs that reflect quoted prices (unadjusted) in active markets for identical assets or liabilities that the fund has the ability to access at the measurement date.
- Level 2 inputs other than quoted prices that are observable for an asset or liability either directly or indirectly, including inputs in markets that are not considered to be active. Because they must often be priced on the basis of transactions involving similar but not identical securities or do not trade with sufficient frequency, certain directly held securities are categorized as level 2.
- Level 3 unobservable inputs based on the best information available, using assumptions in determining the fair value of investments and derivative instruments.

In instances where inputs used to measure fair value fall into different levels in the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation.

The Town has the following fair value measurements as of June 30, 2021:

|                                       |     |               | Fair Value Measurements Using:                                |           |           |                               |           |                                       |
|---------------------------------------|-----|---------------|---|-----------|-----------|-------------------------------|-----------|---------------------------------------|
|                                       |     |               | Quoted prices<br>in active<br>markets for<br>identical assets |           |           | Significant observable inputs | ι         | Significant<br>inobservable<br>inputs |
| Investment Type                       |     | <u>Amount</u> | <u>(Level 1)</u>  |           | (Level 2) |                               | (Level 3) |                                       |
| Investments by fair value level:      |     |               |   |           |           |                               |           |                                       |
| Corporate bonds                       | \$  | 840,927       | \$  | -         | \$        | 840,927                       | \$        | -                                     |

| Market-linked certificates of deposit |     | 5,367,380     |   | -         |           | 5,367,380                     |           | -                                     |
| Other                                 | _   | 587,783       | _   | 587,783   | _         | -                             | _         |                                       |
| Total                                 | \$_ | 19,616,300    | \$_   | 6,376,020 | \$_       | 13,240,280                    | \$_       | -                                     |

Equity securities classified in Level 1 are valued using prices quoted in active markets for those securities.

Debt securities classified in Level 2 are valued using either a bid evaluation or a matrix pricing technique. Bid evaluations may include market quotations, yields, maturities, call features, and ratings. Matrix pricing is used to value securities based on the securities relationship to benchmark quote prices. Level 2 debt securities have non-proprietary information that was readily available to market participants, from multiple independent sources, which are known to be actively involved in the market.

## 4. Property Taxes Receivable

The Town bills property taxes semi-annually, in May and November. Property tax revenues are recognized in the fiscal year for which taxes have been levied. Property taxes are due on July 1 and December 1. Delinquent accounts are charged 8% interest. In March of the next year, a lien is recorded on delinquent property at the Registry of Deeds. The Town purchases all the delinquent accounts by paying the delinquent balance, recording costs, and accrued interest. The accounts that are liened by the Town will be reclassified from property taxes receivable to unredeemed tax liens receivable. After this date, delinquent accounts will be charged interest at a rate of 14%. The Town annually budgets amounts (overlay for abatements) for property tax abatements and refunds.

Property taxes receivable at June 30, 2021 consist of the following:

| Real estate taxes             | \$ | 4,487,463 |
|-------------------------------|----|-----------|
| Tax liens                     |    | 1,511,965 |
| Elderly and disabled deferred |    | 38,397    |
| Land use change               | _  | 26,800    |
| Total property taxes          | \$ | 6,064,625 |

## Taxes Collected for Others

The Town collects property taxes for the State of New Hampshire, the Derry Cooperative School District, and the County of Rockingham. Payments to the other taxing units are normally made throughout the year. The ultimate responsibility for the collection of taxes rests with the Town.

#### 5. Allowance for Doubtful Accounts

The receivables reported in the accompanying financial statements reflect estimated allowances for doubtful accounts. Governmental activities reflect an allowance of \$1,112,724 for ambulance, welfare liens, and other accounts receivable while business-type activities reflect an allowance for \$2,496 for user fees.

## 6. Due From Other Governments

This balance represents reimbursements requested from Federal and State agencies for expenditures incurred in fiscal 2021.

## 7. Interfund Accounts

## Receivables/Payables

Although self-balancing funds are maintained, most transactions flow through the General Fund. In order to obtain accountability for each fund, interfund receivable and payable accounts must be utilized. The composition of interfund balances as of June 30, 2021 is as follows:

|                                 |            | Due From            | Due To      |            |  |  |
|---------------------------------|------------|---------------------|-------------|------------|--|--|
| <u>Fund</u>                     | <u>C</u>   | <u> Tther Funds</u> | Other Funds |            |  |  |
| Governmental Funds:             |            |                     |             |            |  |  |
| Major Fund:                     |            |                     |             |            |  |  |
| General fund                    | \$         | 226,107             | \$          | 10,813,047 |  |  |
| Nonmajor Funds:                 |            |                     |             |            |  |  |
| Special Revenue Funds:          |            |                     |             |            |  |  |
| Derry Public Library            |            | 128,496             |             | -          |  |  |
| Taylor Public Library           |            | 20,841              |             | -          |  |  |
| Cable Television                |            | 430,055             |             | -          |  |  |

| Water Fund                               | -             |               | 23,950  |  |
| Wastewater Fund                          |               |               | 38,739  |  |
| Total Business-Type Activities           |               |               | 62,689  |  |
| Total                                    | \$<br>972,661 | \$            | 972,661 |  |

The majority of transfers into the General Fund reflect transfers from the Waste Tire Reclamation Fund for budgeted expenditures for hazardous waste removal. The majority of transfers out of the General Fund reflect transfers into the Waste Tire Reclamation Fund for tax revenue collected for hazardous waste removal.

#### **Advances**

In fiscal year 2017 the Town Council approved a resolution in which the General Fund loaned \$487,000 to the Sewer Fund, for the Brady Ave sewer extension project. The loan is to be paid back over five years, beginning in fiscal year 2019, with an annual interest rate of 3%.

### 8. Capital Assets

Capital asset activity for the year ended June 30, 2021 was as follows (in thousands):

|   |     | Beginning      |    |              |          |                  |     | Ending         |

#### 9. Deferred Outflows of Resources

Deferred outflows of resources represent the consumption of net position by the Town that is applicable to future reporting periods. Deferred outflows of resources have a positive effect on net position, similar to assets. Deferred outflows of resources related to pensions and OPEB, in accordance with GASB Statements No. 68 and 75, are more fully discussed in the corresponding pension and OPEB notes.

#### 10. Accounts Payable

Accounts payable represent 2021 expenditures paid after June 30, 2021.

#### 11. Accrued Liabilities

Accrued liabilities represent fiscal year 2021 expenditures paid in fiscal year 2022.

#### 12. Tax Refunds Payable

This balance consists of an estimate of refunds due to property taxpayers for potential abatements. These cases are currently pending with the state Board of Tax and Land Appeals.

#### 13. Capital Lease Obligations

The Town is the lessee of certain equipment under capital leases expiring in various years through 2031. Future minimum lease payments under the capital leases consisted of the following as of June 30, 2021:

|   | (   | Governmental      |
|---|-----|-------------------|
|   |     | <u>Activities</u> |
| 2022                                    | \$  | 1,388,542         |
| 2023                                    |     | 1,108,634         |
| 2024                                    |     | 973,752           |
| 2025                                    |     | 792,457           |
| 2026                                    |     | 337,909           |
| 2027                                    |     | 225,251           |
| 2028                                    |     | 225,251           |
| 2029                                    |     | 225,251           |
| 2030                                    |     | 225,251           |
| 2031                                    | _   | 117,225           |
| Total minimum lease payments            |     | 5,619,523         |
| Less amounts representing interest      | _   | (404,885)         |
| Present value of minimum lease payments | \$_ | 5,214,638         |

The following is an analysis for the leased assets included in capital assets at June 30, 2021:

|                                     | (   | Governmental      |  |  |
|-------------------------------------|-----|-------------------|--|--|

| Equipment under capital leases, net | \$_ | 6,426,074         |  |  |

#### 14. Long-Term Debt

#### **General Obligation Bonds and Loans**

The Town issues general obligation bonds and direct borrowings to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities.

The Town has pledged a portion of future tax increment financing (TIF) revenues to repay \$3,400,000 in tax increment bonds issued in November 2011 to finance the road reconstruction within the Route 28 Corridor. The bonds are payable solely from the tax increment financing taxes generated by businesses in the Derry Commerce Corridor between the Londonderry town line and Tsienneto/Folsom Roads.

The Town does not have any direct borrowings outstanding as of June 30, 2021.

# General obligation bonds currently outstanding are as follows:

|   |  |  |   | Amo                         | ount                                 |

### Long-Term Debt Supporting Governmental and Business-Type Activities

Bonds and loans issued by the Town for various municipal projects are approved by Town Council and repaid with revenues recorded in the General Fund and user fees recorded in enterprise funds. All other long-term debt is repaid from the funds that the cost relates to, primarily the General Fund and enterprise funds.

#### 15. Deferred Inflows of Resources

Deferred inflows of resources are the acquisition of net position by the Town that are applicable to future reporting periods. Deferred inflows of resources have a negative effect on net position, similar to liabilities. Deferred inflows of resources related to pension and OPEB will be recognized as expense in future years and is more fully described in the corresponding pension and OPEB notes.

The following is a summary of deferred inflows of resources balances, not related to pension and OPEB, as of June 30, 2021:

|                                      |    | Entity-wi         | de E | Basis             | Fund Basis |                     |       |                 |    |              |       |              |  |  |  |

#### 16. Governmental Funds - Balances

Fund balances are segregated to account for resources that are either not available for expenditure in the future or are legally set aside for a specific future use.

The following types of fund balances are reported at June 30, 2021:

#### Nonspendable

Represents amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. This fund balance classification includes General Fund reserves for prepaid expenditures, property held for resale, advance to sewer fund, and nonmajor governmental fund reserves for the principal portion of permanent trust funds.

#### Restricted

Represents amounts that are restricted to specific purposes by constraints imposed by creditors, grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation. This

fund balance classification includes General Fund library donations, various special revenue and capital project funds, and the expendable portion of permanent trust funds.

#### Committed

Represents amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town's highest level of decision-making authority. This fund balance classification includes TIF District revenue to be used for future debt service payments, capital reserve funds set aside by Town Meeting vote for future capital acquisitions and improvements (now reported as part of the General Fund per GASB 54), and various special revenue and capital project funds. Subsequent Town Meeting action is necessary to modify or rescind a fund balance commitment.

#### Assigned

Represents amounts that are constrained by the Town's intent to use these resources for a specific purpose. This fund balance classification includes General Fund encumbrances that have been established by various Town departments for the expenditure of current year budgetary financial resources upon vendor performance in the subsequent budgetary period, as authorized by the Town Administrator per the Fund Balance Policy. Additionally, it includes budgeted use of fund balance for next year's expenditures, unspent capital lease escrow balances, fiscal year 2021 surplus to be transferred to capital reserve funds in fiscal year 2022, and forest management funds.

#### Unassigned

Represents the residual classification for the General Fund and include all amounts not contained in the other classifications. Unassigned amounts are available for any purpose. Temporary fund balance deficits are reported as negative amounts in the unassigned classification in other governmental funds. Positive unassigned amounts are reported only in the General Fund.

# Following is a breakdown of the Town's fund balances at June 30, 2021:

|   |    | General     |    | Nonmajor<br>Governmental | (   | Total<br>Governmental |
|---|----|-------------|----|--------------------------|-----|-----------------------|
|   |    | <u>Fund</u> |    | <u>Funds</u>             |     | <u>Funds</u>          |
| Nonspendable  |    |             |    |                          |     |                       |
| Prepaid expenditures                                | \$ | 14,857      | \$ | 736                      | \$  | 15,593                |
| Property held for resale                            |    | 79,704      |    | -                        |     | 79,704                |
| Advance to sewer fund                               |    | 209,580     |    | -                        |     | 209,580               |
| Nonexpendable permanent funds:                      |    |             |    |                          |     |                       |

#### 17. Retirement System

The Town follows the provisions of GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, with respect to the State of New Hampshire Retirement System (NHRS).

#### Plan Description

Full-time employees participate in the New Hampshire Retirement System (NHRS), a cost-sharing, multiple-employer defined benefit contributory pension plan and trust established in 1967 by RSA 100-A:2 and qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The plan provides service, disability, death, and vested retirement benefits to members and their beneficiaries. Substantially all full-time state employees, public school teachers and administrators, permanent firefighters, and permanent police officers within the State of New Hampshire are eligible and required to participate in the system. Full-time employees of political subdivisions, including counties, municipalities, and school districts, are also eligible to participate as a group if the governing body of the political subdivision has elected participation.

The New Hampshire Retirement System, a Public Employees Retirement System (PERS), is divided into two membership groups. State or local employees and teachers belong to *Group I*. Police officers and firefighters belong to *Group II*. All assets are held in a single trust and are available to each group. Additional information is disclosed in the NHRS annual report publicly available from the New Hampshire Retirement System located at 54 Regional Drive, Concord, New Hampshire 03301-8507.

#### **Benefits Provided**

Group 1 benefits are provided based on creditable service and average final salary for the highest of either three or five years, depending on when service commenced.

Group II benefits are provided based on age, years of creditable service, and a benefit multiplier depending on vesting status as of January 1, 2012. The maximum retirement allowance for Group II members vested by January 1, 2012 (45 years of age with 20 years of service or age 60 regardless of years of creditable service) is the average final compensation multiplied by 2.5% multiplied by creditable service. For Group II members not vested by January 1, 2012, the benefit is calculated the same way, but the multiplier used in the calculation will change depending on age and years of creditable service, as follows:

| Years of creditable service as of | Minimum    | Minimum        | Benefit           |
|-----------------------------------|------------|----------------|-------------------|
| <u>January 1, 2012</u>            | <u>Age</u> | <u>Service</u> | <u>Multiplier</u> |
| At least 3 but less than 10 years | 46         | 21             | 2.4%              |
| At least 6 but less than 8 years  | 47         | 22             | 2.3%              |
| At least 4 but less than 6 years  | 48         | 12             | 2.2%              |
| Less than 4 years                 | 49         | 24             | 2.1%              |

#### **Contributions**

Plan members are required to contribute a percentage of their gross earnings to the pension plan, which the contribution rates are 7% for employees and teachers 11.55% for police and 11.80% for fire. The Town makes annual contributions to the pension plan equal to the amount required by Revised Statutes Annotated 100-A:16, and range from 10.88% to 26.43% of covered compensation. The Town's contributions to NHRS for the year ended June 30, 2021 was \$3,885,967 which was equal to its annual required contribution.

#### **Summary of Significant Accounting Policies**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the NHRS and additions to/deductions from NHRS' fiduciary net position have been determined on the same basis as they are reported by NHRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the Town reported a liability of \$52,840,442 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2021, the Town's proportion was 0.826%.

For the year ended June 30, 2021, the Town recognized pension expense of \$7,110,371. In addition, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | Deferred      | Deferred     |
|--|---------------|--------------|
|  | Outflows of   | Inflows of   |
|  | Resources     | Resources    |
| Contributions subsequent to the          |               |              |
| measurement                              | \$ 3,885,967  | \$ -         |
| Differences between expected and actual  |               |              |
| experience                               | 1,426,948     | 567,355      |
| Differences between projected and actual |               |              |
| earnings on pension plan investments     | 3,268,239     | -            |
| Changes in assumptions                   | 5,226,968     | -            |
| Changes in proportion                    | 497,089       | 1,644,816    |
| Total                                    | \$ 14,305,211 | \$ 2,212,171 |

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension expense in the year ended 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

|                     |          | Deferred        |
|---------------------|----------|-----------------|
| Year ended June 30: | <u>O</u> | utflows/Inflows |
| 2022                | \$       | 1,424,949       |
| 2023                |          | 2,080,370       |
| 2024                |          | 2,496,953       |
| 2025                |          | 2,204,801       |
| Total               | \$       | 8,207,073       |

#### **Actuarial Assumptions**

The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation                 | 2.00% per year (previously 2.50%)              |
|---------------------------|--|
| Wage Inflation            | 2.75% per year (previously 3.25%)              |
| Salary increases          | 5.60% average, including inflation             |
| Investment rate of return | 6.75%, net of pension plan investment expense, |
|                           | including inflation (previously 7.25%)         |

Mortality rates were based on the Pub-2010 Healthy Retiree Mortality Tables with credibility adjustments for each group (Police and Fire combined) and projected generational mortality improvements using Scale MP-2019.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of the most recent actuarial experience study, which was for the period July 1, 2016 – June 30, 2019.

The long-term expected rate of return on pension plan investments was selected from a best estimate range determined using the building block approach. Under this method, an expected future real return range is calculated separately for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return net of investment expenses by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major class are summarized in the following table.

Actuarial assumptions reflect benefit changes resulting from CH 340 laws of 2019 (HB616), which grants a one-time 1.5% COLA on the first \$50,000 of an annual pension benefit to members who retired on or before July 1, 2014, or any beneficiary of such member. The COLA will take effect on the retired member's first anniversary date of retirement occurring after July 1, 2020.

| Asset Class  | Target<br>Allocation<br>Percentage | Weighted Average Average Long- Term Expected Real Rate of Return |
|--|------------------------------------|--|
| Large Cap Equities   | 22.50 %                            | 3.71%  |
| Small/Mid Cap Equities  Total domestic equities                                | 7.50<br>30.00                      | 4.15%  |

| Core Bonds<br>Global Multi-Sector Fixed Income<br>Absolute Return Fixed Income | 9.00<br>10.00<br>6.00              | 0.42%<br>1.66%<br>0.92%  |
| Total fixed income   | 25.00                              |  |
| Private Equity<br>Private Debt   | 10.00<br>5.00                      | 7.71%<br>4.81%   |
| Total alternative investments  | 15.00                              |  |
| Real Estate  | 10.00                              | 2.95%  |
| Total  | 100.00 %                           |  |

#### **Discount Rate**

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that the plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. For purposes of the projection, member contributions and employer service cost contributions are projected based on the expected payroll of current members only. Employer contributions are determined based on the pension plan's actuarial funding policy and as required by RSA 100-A:16. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

# Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 6.75%, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

|                | Current        |                |
|----------------|----------------|----------------|
| 1%             | Discount       | 1%             |
| Decrease       | Rate           | Increase       |
| <u>(5.75%)</u> | <u>(6.75%)</u> | <u>(7.75%)</u> |
| \$ 68,406,868  | \$ 52,840,442  | \$ 40,120,611  |

Detailed information about the pension plan's fiduciary net position is available in the separately issued NHRS financial report.

#### 18. Other Post-Employment Benefits (GASB 75)

GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, replaces the requirements of Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. The Statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. This Statement identifies the methods and assumptions that are required to be used to project benefit payments, discounted projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service.

#### **Town OPEB Plan**

All the following OPEB disclosures for the Town OPEB Plan are based on a measurement date of June 30, 2021.

#### General Information about the OPEB Plan

#### Plan Description

The Town provides post-employment healthcare benefits for retired employees through the Town's Single Employer Defined Benefit Plan. The benefits, benefit levels, employee contributions and employer contributions are governed by RSA 100-A:50. The OPEB plan is not administered through a trust that meets the criteria in paragraph 4 of GASB 75.

The Town indirectly provides post-employment healthcare for retired employees through an implicit rate covered by current employees. Retirees of the Town who participate in this single-employer plan pay 100% of the healthcare premiums to participate in the Town's healthcare program. Since they are included in the same pool as active employees, the

insurance rates are implicitly higher for current employees due to the age consideration. This increased rate is an implicit subsidy the Town pays for the retirees.

#### **Benefits Provided**

The Town offers medical, prescription drug, mental health/substance abuse and life insurance to retirees and their covered dependents. All active employees who retire from the Town and meet the eligibility criteria will receive these benefits.

#### **Funding Policy**

Retirees pay 100% of the premium in excess of the NHRS Subsidy, if any, with the following exceptions:

 For current Teamsters-Public Works, AFSCME-Staff Support and Professional, Administrative and Technical Employees (PATE) union contracts, as well as nonrepresented employees, the Town will pay for Medicomp III for retirees when they reach age 65, if the retiree has a minimum 10 years of service with the Town and is qualified to receive retirement benefits from the New Hampshire Retirement System.

Teamsters-Public Works employees hired after June 30, 2013 must work 20 years. Employees hired after July 1, 2010 shall be limited to the amount of the July 1, 2009 Medicomp III premium.

AFSCME-Staff Support - Employees hired after April 23, 2009 must work 20 years and be limited to the July 1, 2009 Medicomp III premium.

- The Town also provides for up to 3.5 years of long-term disability coverage for current Teamster-Public Works and PATE union contracts. For Teamsters disabled as of July 1, 2013, the coverage period will be four years.
- PATE employees hired after November 22, 2016 will be provided this benefit is such employee worked for the Town for a minimum of 20 years. The amount of the subsidy for employees hired after contract signing shall be limited to the amount of the July 1, 2016 Medicomp premium.
- Non-represented employees hired after July 1, 2016 reaching age 65 and qualifying for retirement under the rules and regulations of NHRS will be provided this benefit if such employee worked for the Town for a minimum of 20 years. The amount of the subsidy for employees hired after contract signing (January 8, 2017) shall be limited to the amount of the July 1, 2016 Medicomp premium.

Retirees pay 100% of life insurance premiums and 100% of their dependents' health insurance premiums.

#### Plan Membership

At July 1, 2020, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries
 currently receiving benefit payments 170
Active employees 183

Total 353

#### **Actuarial Assumptions and Other Inputs**

The total OPEB liability was determined by an actuarial valuation as of July 1, 2020, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation 3.25%

Salary increases Group I: 14.75% decreasing over 12 years to ultimate level of 3.25%

Group II: 27.75% decreasing over 8 years to an ultimate level of 4.25% Group III (Fire): 27.75% decreasing over 8 years to an ultimate level of

3.75%

Discount rate 2.16%

Healthcare cost trend rates Health Trust: -2.80%, then 6.75% decreasing by 0.25% per year to an

ultimate level of 4.50%.

Allegiant: 3.60%, then 6.75% decreasing by 0.25% per year to an

ultimate level of 4.50%.

Participation rate 80% of active employees and 100% of retirees over the age of 65

Because the plan is not funded, the discount rate is based on the yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rate of AA/Aa or higher as shown in the Bond Buyer 20-Bond General Obligation Index (2.21% as of June 30, 2020 and 2.16% as of June 30, 2021).

#### Mortality rates were based on:

- Pre-Retirement: PubG-2010 Headcount-Weighted Employee General Mortality Tables for Group I and PubS-2010 Headcount-Weighted Employee Safety Mortality Tables for Group II projected generationally for males and females with Scale MP-2019.
- Healthy: PubG-2010 Headcount-Weighted Healthy Retiree General Mortality Tables for Group I and PubS-2010 Headcount-Weighted Healthy Retiree Safety Mortality Tables for Group II projected generationally for males and females with Scale MP-2019.
- Disabled: PubNS-2010 Headcount-Weighted Non-Safety Disabled Retiree Mortality Tables for Group I and PubS-2010 Headcount-Weighted Safety Disabled Retiree Mortality Tables for Group II projected generationally for males and females with Scale MP-2019.

The actuarial assumptions used in the valuation were based on the results of an actuarial experience study from July 1, 2015 through June 30, 2019.

#### Discount Rate

Because the plan is not funded, the discount rate is based on the yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rate of AA/Aa or higher as shown in the Bond Buyer 20-Bond General Obligation Index (2.21% as of June 30, 2020 and 2.16% as of June 30, 2021).

#### Total OPEB Liability

The Town's total OPEB liability of \$18,142,059 was measured as of June 30, 2021, and was determined by an actuarial valuation as of July 1, 2020.

#### Changes in the Total OPEB Liability

The following summarizes the changes to the total OPEB liability for the past year:

|                              |     | Total OPEB<br><u>Liability</u> |
|------------------------------|-----|--------------------------------|
| Balances, beginning of year  | \$  | 22,404,615                     |
| Changes for the year:        |     |                                |
| Service cost                 |     | 880,103                        |
| Interest or other inputs     |     | 511,093                        |
| Differences between expected |     |                                |
| and actual experience        |     | (1,030,823)                    |
| Changes in assumptions       |     | (4,304,505)                    |
| Benefit payments             | _   | (318,424)                      |
| Net Changes                  |     | (4,262,556)                    |
| Balances, end of year        | \$_ | 18,142,059                     |

Changes of assumptions or other inputs reflect updates of the capital health costs and enrollment assumptions which decreased the liability, which was partially offset by a decrease in the discount rate from 2.21% in 2020 to 2.16% in 2021.

#### Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

|   | 1%             |                | Current       |    | 1%             |
|---|----------------|----------------|---------------|----|----------------|
|   | Decrease D     |                | Discount Rate |    | Increase       |
|   | <u>(1.16%)</u> | <u>(2.16%)</u> |               |    | <u>(3.16%)</u> |
| Ś | 21,920,541     | Ś              | 18 142 059    | \$ | 15 195 708     |

#### Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability, as well as what the total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

|                  |                 | Current     |    |                 |
|------------------|-----------------|-------------|----|-----------------|
| 1%               | Healthcare Cost |             |    | 1%              |
| <u>Decrease</u>  |                 | Trend Rates |    | <u>Increase</u> |
| \$<br>14,837,288 | \$              | 18,142,059  | \$ | 22,504,600      |

### <u>OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources</u> Related to OPEB

For the year ended June 30, 2021, the Town recognized an OPEB expense of \$780,318. At June 30, 2021, the Town reported deferred outflows and inflows of resources related to OPEB from the following sources:

|  |     | Deferred    |     | Deferred   |  |  |
|--|-----|-------------|-----|------------|--|--|
|  |     | Outflows of |     | Inflows of |  |  |
|  |     | Resources   |     | Resources  |  |  |
| Change in assumptions Differences between expected and | \$  | 3,106,452   | \$  | 5,394,342  |  |  |
| actual experience                                      |     | 469,755     | _   | 859,020    |  |  |
| Total  | \$_ | 3,576,207   | \$_ | 6,253,362  |  |  |

Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| <u>Fiscal Year Ended:</u> |                |
|---------------------------|----------------|
| 2022                      | \$ (610,882)   |
| 2023                      | (610,878)      |
| 2024                      | (453,565)      |
| 2025                      | (112,609)      |

| Total                     | \$ (2,677,155) |

#### New Hampshire Retirement System Medical Subsidy Plan Description

General Information about the OPEB Plan

#### Plan Description

In addition to the Town OPEB Plan, the Town participates in the New Hampshire Retirement System (NHRS) Medical Subsidy. The NHRS administers a cost-sharing, multiple-employer defined benefit postemployment medical subsidy healthcare plan designated in statute by membership type. The four membership groups are Group II Police Officer and

Firefighters, Group I Teachers, Group I Political Subdivision Employees and Group I State Employees. Collectively, they are referred to as the OPEB Plan.

NHRS issues publicly available financial reports that can be obtained by writing to them at 54 Regional Drive, Concord, New Hampshire 03301-8507 or from their website at http://www.nhrs.org.

#### **Benefits Provided**

The OPEB Plan provides a medical insurance subsidy to qualified retired members. The medical subsidy is a payment made by NHRS to the former employer or their insurance administrator toward the cost of health insurance for a qualified retiree, his/her qualified spouse, and his/her certifiably dependent children with a disability who are living in the household and being cared for by the retiree. Under specific conditions, the qualified beneficiaries of members who die while in service may also be eligible for the medical subsidy. The eligibility requirements for receiving OPEB Plan benefits differ for Group I and Group II members. The monthly Medical Subsidy rates are:

1 Person - \$375.56 2 Person - \$751.12 1 Person Medicare Supplement - \$236.84 2 person Medicare Supplement - \$473.68

#### Contributions

Pursuant to RSA 100-A:16, III, and the biennial actuarial valuation, funding for the Medical Subsidy payment is via the employer contributions rates set forth by NHRS. Employer contributions required to cover that amount of cost not met by the members' contributions are determined by a biennial actuarial valuation by the NHRS actuary using the entry age normal funding method and are expressed as a percentage of Earnable Compensation. The Town contributed 0.29% of gross payroll for Group I employees, 1.81% of gross payroll for Group I teachers, and 3.66% and 3.66% of gross payroll for Group II fire and police department members, respectively. Employees are not required to contribute. The State Legislature has the authority to establish, amend, and discontinue the contribution requirements of the Medical Subsidy plan.

#### **Actuarial Assumptions and Other Inputs**

Actuarial assumptions are the same in the Retirement System footnote.

#### Net OPEB Liability, Expense, and Deferred Outflows and Inflows

The Town's proportionate share of the net NHRS Medical Subsidy (net OPEB liability) as of the measurement date of June 30, 2020 was \$3,979,818.

For the year ended June 30, 2021, the Town recognized an OPEB expense related to the NHRS Medical Subsidy of \$(23,708). At June 30, 2021, the Town reported deferred outflows and inflows of resources related to OPEB from the following sources:

|  | Deferred<br>Outflows of |         | Deferred<br>Inflows of |        |
|--|-------------------------|---------|------------------------|--------|
|  | Resources               |         | Resources              |        |
| Contributions subsequent to the measurement date                         | \$                      | 448,731 | \$                     | -      |
| Change in proportion   |                         | -       |                        | 58,073 |
| Change in assumptions  |                         | 25,589  |                        | -      |
| Differences between expected and actual experience                       |                         | -       |                        | 11,532 |
| Net difference between projected and actual earnings on OPEB investments |                         | 14,891  | _                      |        |
| Total  | \$ <u>_</u>             | 489,211 | \$_                    | 69,605 |

The amount reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the net OPEB liability in the year ending June 30, 2022.

Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| <u>Fiscal Year Ended:</u> |                |
|---------------------------|----------------|
| 2021                      | \$<br>(42,887) |
| 2022                      | 4,408          |
| 2023                      | 5,255          |
| 2024                      | <br>4,099      |
| Total                     | \$<br>(29,125) |

<u>Sensitivity of the Net NHRS Medical Subsidy OPEB Liability to Changes in the Discount Rate</u> The following presents the net OPEB liability, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

|             | 1%             | ı  | Discount       | 1%             |           |  |  |
|-------------|----------------|----|----------------|----------------|-----------|--|--|
| Decrease Ra |                |    | Rate           | I              | ncrease   |  |  |
|             | <u>(5.75%)</u> |    | <u>(6.75%)</u> | <u>(7.75%)</u> |           |  |  |
| \$          | 4,321,667      | \$ | 3,979,818      | \$             | 3,683,025 |  |  |

#### Healthcare Cost Trend Rate

Healthcare cost trend rates are not applicable given that the benefits are fixed stipends.

#### Consolidation of Total/Net OPEB Liabilities and Related Deferred Outflows and Inflows

The following consolidates the Town's total OPEB liability and related deferred outflows/inflows, and the Town's proportionate share of the NHRS Medical Subsidy net OPEB liability and related deferred outflows/inflows at June 30, 2021:

|  |     | Total/Net<br>OPEB<br><u>Liability</u> | ı   | Total Deferred Outflows of Resources |     | Total Deferred Inflows of Resources |     | Total<br>Pension<br><u>Expense</u> |
|--|-----|---------------------------------------|-----|--------------------------------------|-----|-------------------------------------|-----|------------------------------------|
| Town OPEB Plan                                   | \$  | 18,142,059                            | \$  | 3,576,207                            | \$  | 6,253,362                           | \$  | 780,318                            |
| Proportionate share of NHRS Medical Subsidy Plan | _   | 3,979,818                             |     | 489,211                              | _   | 69,605                              | _   | (23,708)                           |
| Total  | \$_ | 22,121,877                            | \$_ | 4,065,418                            | \$_ | 6,322,967                           | \$_ | 756,610                            |

#### 19. Change in Accounting Principle

During fiscal year 2021, the Town adopted Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. This required moving certain items previously recorded through a General Fund liability account to the newly established custodial fund that reports additions and deductions for these activities. No restatement of beginning net position/fund balance was required in either fund.

#### 20. Commitments and Contingencies

#### Exit 4A

On January 13, 2016, the Town entered into an agreement with the State for the construction of a new exit, off Interstate 93, Exit 4A. The Town agreed to pay for \$5,000,000 of expenses prior to giving the project to the State to finalize. As of year-end, the Town had expended \$4,730,776 of project costs, with \$269,225 unexpended bond proceeds in the capital project fund.

#### **Outstanding Legal Issues**

There are several pending legal issues in which the Town is involved. The Town's management is of the opinion that the potential future settlement of such claims would not materially affect its financial statements taken as a whole.

#### **Grants**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

#### **Abatements**

There are several cases pending before the NH Board of Tax and Land Appeals in regard to alleged discrepancies in property assessments. According to the Town's counsel, the probable outcome of these cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

#### **Encumbrances**

At year-end, the Town's General Fund has \$749,664 in encumbrances that will be honored in the next fiscal year.

#### COVID-19

The COVID-19 outbreak in the United States (and across the globe) has resulted in economic uncertainties. There is considerable uncertainty around the duration and scope of the economic disruption. The extent of the impact of COVID-19 on our operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on individuals served by the Town, employees, and vendors, all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact our financial condition or results of operations is uncertain.

#### 21. New Pronouncements

The Governmental Accounting Standards Board (GASB) has issued Statement No. 87, *Leases*, effective for the Town beginning with its fiscal year ending June 30, 2022. This statement establishes new reporting and disclosure requirements, including the recording of various operating leases in the financial statements. Management has not evaluated the effect this standard will have on the financial statements.

# Notes to the Required Supplemental Information for General Fund Budget

### **Budgetary Basis**

The General Fund final appropriation appearing on the previous page represents the final amended budget after all reserve fund transfers and supplemental appropriations.

#### **Budget/GAAP Reconciliation**

The budgetary data for the General Fund is based upon accounting principles that differ from generally accepted accounting principles (GAAP). Therefore, in addition to the GAAP basis financial statements, the results of operations of the General Fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison to budgetary data.

The following is a summary of adjustments made to the actual revenues, and expenditures and other financing sources (uses), to conform to the budgetary basis of accounting.

| General Fund   | Revenues      | Expenditures  | Other<br>Financing<br>Sources | Other<br>Financing<br><u>Uses</u> | Total        |
|--|---------------|---------------|-------------------------------|-----------------------------------|--------------|
| GAAP Basis   | \$ 42,697,223 | \$ 41,737,409 | \$ 1,615,421                  | \$ 484,642                        | \$ 2,090,593 |
| To reverse net down adjustment   | -             | -             | 5,473,947                     | 5,473,947                         | -            |
| To book current year appropriation carryforwards                                 | -             | 749,664       | -                             | -                                 | (749,664)    |

# TOWN OF DERRY, NEW HAMPSHIRE NOTES TO REQUIRED SUPPLEMENTARY INFORMATION June 30, 2021

#### MODIFIED APPROACH FOR INFRASTRUCTURE CAPITAL ASSETS

In accordance with GASB Statement No. 34, the Town is required to account for and report infrastructure capital assets. The Town's infrastructure consists of roads, bridges, sidewalks, and similar items. The Town has elected to use the "modified approach" for infrastructure reporting on its roadways and sidewalks. Under GASB Statement No. 34, eligible infrastructure capital assets are not required to be depreciated under the following requirements:

- The Town manages the eligible infrastructure capital assets using an asset management system with characteristics of (1) an up-to-date inventory; (2) perform condition assessments and summarize the results using a measurement scale; and (3) estimate annual amounts to maintain and preserve at the established condition assessment level.
- The Town documents that the eligible infrastructure capital assets are being preserved approximately at or above the established and disclosed assessment level.

Condition assessment ratings are being used to determine the level of annual funding required to maintain the value of the roadway systems. The Town uses an engineer-developed Pavement Condition Index (PCI) to determine the conditions of its roadways. The analysis includes: inventory information to define the size and characteristics of each roadway; distress information to determine existence, severity and extent of physical problems; and drainage and roadway cross-section characteristics, particularly with respect to deficiencies.

The following conditions were defined and associated to a rating within the asset management system:

| Condition | <u>Rating</u> | Remedial Action            |
|-----------|---------------|----------------------------|
| Excellent | 100-80        | Crack Seal or Defer Action |
| Good      | 79-68         | Chip Seal or Crack Seal    |
| Fair      | 67-63         | Shim and Overlay           |
| Poor      | 62-58         | Reclaim                    |
| Failed    | 57-0          | Reconstruct and Reclaim    |

See Independent Auditors' Report.

Each road is surveyed and graded on its condition and given a rating. This helps the Town prioritize which roads should be treated and the assessment of what type of treatment is necessary in the development of a long-range repair and maintenance plan.

The last three assessments effective in 2021, 2018, 2015, and 2012 reflected a good to excellent PCI rating of 84, 82, 79, and 75, respectively.

In fiscal year 2003, the Town council adopted the "good" conditional assessment PCI rating range of 68 to 80 for its roadway maintenance program goal and it also estimated expenditures of \$1,300,000 per year are necessary to sustain the roadways rating level.

The current PCI of 84 exceeds the council's goal of preserving the network in the range between 68 and 80. The currently defined system of roadway and sidewalk networks is not depreciated because the Town's conditional assessment rating falls within or above its adopted range.

The Town has expended an average of \$1,395,739 annually on roadway maintenance for the past 10 years. Roadway site improvements paid directly by developers and increased utilization of Town staff for roadway engineering and some construction has enabled the Town to sustain or improve its overall PCI rating while managing expenditures efficiently.

#### NONMAJOR GOVERNMENTAL FUNDS

#### SPECIAL REVENUE FUNDS

Special Revenue Funds are established to account for resources obtained and expended for specified purposes and restricted by law or local action.

Special Revenue Funds are established for the following purposes:

- Derry Public Library Fund: This fund is used to account for library revenues and expenditures incurred in the operation of Derry's main library located at 64 East Broadway.
- Taylor Library Fund: This fund is used to account for library revenues and expenditures incurred in the operation of this public library located at 49 East Derry Road.
- <u>Cable Television Fund</u>: This fund is used to account for cable television franchise fees and other related miscellaneous income and expenses associated with Cable Television.
- Conservation Commission Fund: This fund is used to account for revenue and expenses associated with acquiring and preserving conservation land. This fund receives 100% of Land Use Change Tax (current use) revenue and public donations designated for conservation purposes.
- Public Safety Grants Fund: This fund is used to account for grants and donations received and expenses for the purpose of public safety including for the enforcement of underage drinking laws, DWI saturation, seatbelt compliance, off-road vehicle patrols and funding for domestic preparedness planning, training and equipment using federal pass-through funds from Rockingham County for Justice Assistance and New Hampshire Department of Justice, New Hampshire Highway Safety and New Hampshire Fish and Game.
- Miscellaneous Grants Fund: This fund is used to account for various donations or grants received and their related expenditures.
- Waste Tire and Transportation Fund: This fund has been established to collect fees from motor vehicle registrations for the purpose of funding improvements to the Town's roadways. The Town also adopted NH RSA 31:19A to establish the Waste Reclamation Trust. The Trust was established to retain fees collected from motor vehicle registrations as authorized pursuant to NH RSA Chapter 263 (HB332). The purpose of the reserve is to fund the disposal of motor vehicle waste generated within the Town and to recycle and reclaim other types of solid waste.
- Police Revolving Fund: This fund has been established in accordance with NH RSA 31:95-h to account for revenues and expenses related to outside police detail activities.
- Police Gift Fund: This fund has been established to account for revenues and expenses related to a gift received for police activities.

Rockingham Economic Development Corporation: This fund is used to account for loan revenue and expenditures associated with economic development for eligible small businesses. This fund is supported by Rockingham Economic Development Corporation who also acts as the Town's agent in administering the loans.

#### **CAPITAL PROJECT FUNDS**

Capital Project Funds are established to account for resources obtained and expended for the acquisition of major capital facilities or equipment other than those employed in the delivery of services accounted for in Enterprise Funds.

The current funds were established for the following purposes:

- Rail Trail Fund: This fund is used to account for all costs associated with improving the Derry Rail Trail. Segment 1, which is currently in the engineering phase, will include paving Hood Park to North High Street. Depending on available funds, Segment 2 from North High Street to the Londonderry line will be completed at a future date.
- <u>Bridge Improvements Fund</u>: During FY2017 this fund was repurposed to account for the construction of bridges on North Shore Road at Beaver Lake and Island Pond. The North Shore Road at Beaver Lake project qualifies for 80% reimbursement from the State of New Hampshire for eligible costs.
- Recreational Facility Fund: This fund is used to account for capital improvements to the Recreational Facilities.
- Exit 4A Fund: This fund is used to account for the construction of a new exit off Interstate 93.
- Hood Pond Dam Reconstruction Fund: This fund is used to account for the reconstruction costs of the Hood Pond Dam. The State of New Hampshire is requiring this work to be completed before the Town can proceed with Segment 1 of Rail Trail improvements as described in the Rail Trail Fund above.

#### **PERMANENT FUNDS**

Permanent Funds are established to account for certain assets held by the Town in a fiduciary capacity as trustee. The following is a description of Town Permanent Funds:

- General Cemetery Care: to account for the East Derry Cemetery and perpetual care.
- Parks and Playgrounds: to account for the MacGregor Pioneer Park upkeep and operations and improvements to Alexander Carr Park.

- <u>Libraries</u>: to account for the Taylor Library's general expenses and Derry Public Library's book, art and musical recordings.
- ➤ <u>Highways and Streets</u>: to account for street repair.
- **Human Services**: to benefit the poor of Derry with emphasis on clothing.

#### FIDUCIARY FUNDS

#### PRIVATE PURPOSE FUNDS

Private purpose trust funds are used to account for assets held by the Town of Derry, New Hampshire in trust for individuals, private organizations or other governmental units. These funds have been established for the provisions of the Derry Public Schools, Derry Visiting Nurse Association, Inc., East Derry Improvements, and Memorial Day Flowers.

| <u>Trust Name</u>                      | <u>Trust Purpose</u>   |
|--|--|
| Derry Public Schools                   | Support public schools in Derry  |
| Derry Visiting Nurse Association, Inc. | To care and treat elderly women and men who are 55 or more and reside in the Towns of Derry, Windham, or Londonderry |
| East Derry Improvements Society        | East Derry Improvements  |
| Memorial Day Flowers                   | To place flowers each Memorial Day upon Helen<br>Noyes' lot in Forest Hills  |

#### **CUSTODIAL FUNDS**

Custodial Funds are established to account for fiduciary assets held by the Town in a custodial capacity as an agent on behalf of others.

| <u>Fund Name</u>                            | Fund Purpose  |
|---|---|
| Taxes and Fees                              | Collection and payment of taxes and fees collected on behalf of other governments for public schools, county, and motor vehicle registrations   |
| Derry Cooperative School Capital<br>Reserve | Funds held by the Town of Derry, New Hampshire's Trustees of Trust Funds on behalf of the Derry Cooperative School District, an independent governmental unit. New Hampshire state law requires that these funds be held by the Trustees of Trust Funds in the Town that the school district operates |

Other

To account for various funds held by the Town of Derry in a custodial manner.

Sources: Derry MS-1 Report of Assessed Values filed with the NH Department of Revenue Administration (DRA) and DRA's Annual Equalization Survey

#### Notes:

<sup>(1)</sup>NH Department of Revenue Administration requires that all properties be reviewed at least every five years to insure that assessed property values are within a range of 90-110% of actual market value. The Town's goal is to maintain values as close to 100% through an annual process of cycled inspections and a valuation update every other year. The most recent full valuation update completed in 2016 for FY17.

The data presented above represents information for taxes collected for Town Services and two fire districts. It excludes taxes raised for School District and the County, even though the Town bears the full burden for any uncollected taxes, since the Town having fully disbursed taxes assessed for the School and County.

| Total Direct and Overlapping Debt             |                     |                          | \$27,128,876                       |

**Sources:** Debt outstanding data is provided by each governmental unit and the percentage applicable to the Town of Derry for Rockingham County, based on 2016 town allocation, is provided by the County.

**Notes:** Overlapping governments are those that coincide, at least in part, with the geographic boundaries of a municipality. This schedule sets forth the Town of Derry's share of those overlapping governments that are borne by its taxpayers through a portion of the approved tax rate. Since the Derry Cooperative School District is strictly confined to the Town of Derry, 100% of its outstanding debt is overlapping and applicable to the governmental unit.

#### Notes:

Per New Hampshire Revised Statutes Annotated, the Town's general obligation debt and water district debt should not exceed 3% (RSA 33:4-a.III) and 10% (RSA 33:5-a), respectively, of equalized valuation as set forth in RSA 33:4-b and as determined by the NH Department of Revenue Administration.

There is no state debt margin for sewer outstanding debt, because all sewer bonds are guaranteed by the State of New Hampshire.

There is no state debt margin for Landfill Site Closure outstanding debt.

<sup>(1)</sup> Per New Hampshire Revised Statutes annotated (RSA 162-K:8), Tax Increment Financing (TIF) District bonds shall not be included when computing the municipality's net debt.

**Source:** Population and personal income information is provided by the New Hampshire Office of Energy & Planning. School enrollment information is provided by the Derry Cooperative School District. Unemployment information is derived from the Local Area Unemployment Statistics Report prepared by the NH Employment Security (NHES), Economic And Labor Market Information Bureau.

**Notes:** Population and personal income are based on information from the prior calendar year. School population is based on the 2013-2014 school year, while the unemployment rate is the unemployment rate for the last month of the fiscal year.

#### 2011-2019 School enrollment revised in FY20

Updated Per Capita Personal Income for the Town had not been available from the New Hampshire Office of Energy & Planning (NHOEP), though available in FY2011 due to the 2010 census and going forward based on an update from NHES. Prior to 2010, this information is derived from the census data done every 10 years.

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### **INDEPENDENT AUDITORS' REPORT**

To the Town Council
Town of Derry, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Derry, New Hampshire, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated December 3, 2021.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination

of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
