*Tree into Multi-Family Structure - Derry, New Hampshire*

At 18:02 hours the Derry Fire Communications Center received notification from Derry Police that a large tree that had struck #13 Silvestri Circle, Hillside Estates. Derry Ladder 4 responded to investigate.

On arrival Ladder 4 found that a very large tree approximately 100' in length and 2 ½' wide had fallen into the building striking two units causing significant damage. At the time the tree struck the building, one unit was occupied by two adults and required evacuation. The second apartment was not occupied at the time of the incident.

Ladder 4 was assisted by Derry Fire Bureau of Investigation and Derry Code and Enforcement. It was determined that the two units that received the damage were uninhabitable. Property Management provided housing at a local hotel for two adults from one unit and a single adult from the second unit will be staying with family.

Advantage Tree Service worked into the evening to remove the tree with use of a large crane.

Incident #2019 -1300 was dispatched at 18:02. Ladder 4 was on-scene at 18:09 and cleared at 21:03
