-Consent agenda:

Approval of minutes from December 15th meeting.

Motion made by Josh Bourdon to approve items in consent agenda

Motion seconded by Nick del Etoile

Motion passes unanimously

-Pinkerton Academy update

Brewster Bartlett provided an update on the PA energy usage by building. There is support to install sub-meters onto some of the buildings which will provide more specific information on energy usage by building.

-Derry schools update

The facility committee which is looking at closing a school, has asked for a representative of this committee to attend their 6-April meeting. The purpose of which is to provide and review of the evaluation conducted by this committee on the district's schools.

-Derry municipal update

Jeff Moulton reviewed the analysis conducted with Mike Fowler to determine the best location for the installation of a <100KW solar installation. Two buildings were recommended

- Marrion Gerrish Community Center
- Town Library

Both have south facing roofs and are highly visible to our community. Next steps are to talk with both organizations and obtains estimates from a few solar contractors. Estimated payback is ~9 years.

The town's budget process begins in April, therefore this committee needs to make a recommendation by then to be included in next years budget.

-Next meeting is scheduled for 20-April @ 6:00 PM

Meeting was adjourned at 7:30 PM

Respectfully Submitted,
Ken Linehan
