### New Business:

Jeff gave the legislative update. Currently nothing is going on for energy related bills.

Chris gave the Community Power update stating that the committee will dissolve at the end of 2023.

The committee discussed the Landfill Solar contract. The \$500,000.00 Department of Energy grant looks good but is not yet approved.

Jeff gave the update on EV Planning. The DOT (Federal) TMAC grant was reduced to \$1 million eliminating any EV vehicles for the town. There were complications for the grant, and it is not known if Derry will get any funding at this time, but Mike Fowler is working on it.
