Town of Derry, NH

Department Mission and Objectives Fiscal Year 2013

Department: Police

Department Mission:

The mission of the Derry Police Department is to protect life and property, enforce the laws of society, maintain order in the community and to assist the public at large in a manner consistent with the rights and dignity of all persons as provided for by law and under the Constitutions of the United States of America and the State of New Hampshire.

Department Objectives:

Last year the department set out to accomplish three specific objectives. The department is pleased to announce the status of those goals:

COMPLETED FY 2012 OBJECTIVES

1. FY 2012 Objective: Continue to seek funding through state and federal grant programs so that we can continue to provide the same or enhanced service to the community with fiscal constraints in mind.

Status: As in previous years we continued to take advantage of grant funding from both the state and federal government.

- In FY 2012 we continued the program of patrolling the OHRV trails in Derry by utilizing two off road recreational vehicles. Due to fiscal restraints, the State has severely curtailed these grant amounts.
- We continue to receive grant funding for additional highway enforcement patrols such as; DWI enforcement, seat belt compliance, and for the enforcement of underage drinking laws. In FY 12 we received approximately \$42,000 through those grants.
- Additionally, in FY12 we were awarded a \$24,000 Federal JAG grant that we have used to purchase ear protection for the firing range, a radio system upgrade, and we are in the process of upgrading a 4x4 vehicle with a prisoner cage and a computer, allowing Officers to use the vehicle during inclement weather as a patrol vehicle.

2. FY 2012 Objective: Examine our department's organization to determine how we may best provide the level of service that the community expects. Evaluate the services we provide the community, with emphasis on first response and investigations as our priority.

Status:

- In FY 12 we hired a second, full time Prosecutor while keeping our table of organization level.
- We have assigned one of our Officers to review and research our agencies policies and procedures with an eye toward Accreditation. This ensures that our agencies practices will be as efficient and streamlined as possible and at the same time comport to national standards.
- We have implemented a "temporary detective" program. By rotating Patrol Officers through a 3 month detective assignment, Officers acquire investigative experience and then bring that experience back out into their regular patrol duties. This also assists with career development and makes for a more intelligent and robust work force.

Town of Derry, NH

Department Mission and Objectives Fiscal Year 2013

Department: Police

3. FY 2012 Objective: Enhance our technology capabilities to allow greater efficiency and utilization of existing resources.

Status:

- Our Online Reporting System (CopLogic) has been active for just under 2 years. After reviewing the program, we have found that our experience has not met the advertised predictions. The overall cost (maintenance fees, etc) exceeds the overall benefit to the community. Subsequently, the project will be discontinued.
- We recently completed a computer server virtualization program which works in tandem with the network at the Derry Municipal Center. The project now allows for our servers and the Derry Municipal Center servers to in effect become one shared network which provides a high level of redundancy for the overall town network.
- We have implemented our Automated Vehicle Location System (AVL). This system provides real time locations of our patrol units. This allows for a higher degree of safety for our officers and more efficient dispatching and assists with the overall management of resources.
- During FY12 we have installed 10 cruiser camera systems into our line cars. This video and audio recording system creates a digital record of specific police incidents. This also enhances officer safety and provides a valuable evidentiary tool for our department.

FY 2013 OBJECTIVES:

1. Continue an extensive review of our agencies policies and procedures.
2. Continue to enhance our agency's computer investigation and forensic capabilities.
3. Explore other community outreach capabilities, to include social media venues such as Facebook and Twitter.
4. Continue to seek funding through state and federal grant programs so that we can continue to provide the same or enhanced service to the community with fiscal constraints in mind.

Activity Center Narrative, Programs and Activities FY 2013

DEPARTMENT: Police

ACTIVITY CENTER: Animal Control

NARRATIVE

The Animal Control Bureau is a function of the Operations Division of the Police Department. It is charged with the responsibility of enforcing Town Ordinances and State statutes relative to domestic animals. This is accomplished primarily through the enforcement of the licensing ordinance for dogs, responding to citizen complaints, apprehending stray animals, maintaining a kennel and placement of strays or unwanted animals when appropriate.

PROGRAMS AND ACTIVITIES

The objective of the Animal Control Bureau this fiscal year, as in the past, is to continue to provide the highest quality of service to the community.
