SOUTHERN NH REGIONAL WATER SYSTEM IMPROVEMENTS DERRY CONTRACT D2 -PUMP STATIONS

On November 21, 2019 the Town of Derry awarded its second contract (D2) under the phase 1 Southern NH Regional Water Improvements project in the amount of \$2.1M to Hampstead Area Water Services Company (HAWSCO aka Lewis Builders) of Atkinson, NH. This work includes the construction of a new water booster pumping station on Manchester Road-Route 28 at the Derry-Londonderry town line and major equipment upgrades to Derry's existing Rockingham Road-Route 28 Booster Pumping Station. Work under this project has begun with site clearing and equipment submittal reviews. The pump stations are expected to be in service by July 2020.

The first contract (D1) was awarded in August 2019 in the amount of \$3.14M to DeFelice Corporation of Dracut MA who is constructing 7,600 feet of new water mains along Rockingham Road -Route 28 from Ryan's Hill to the Windham town line. This work is expected to be substantially complete by the end of December 2019.

Both projects are fully funded by the State of NH Drinking Water and Groundwater Trust Fund and will enable Derry to move 1.0 million gallons of drinking water from Manchester Water Works through Derry's water system into Windham.
