

DEPARTMENT OF PUBLIC WORKS,
Michael A. Fowler, P.E., Director

N10-150

NOTICE TO RESIDENTS

This Notice is sent to inform residents of Hampstead Road, East Derry Road and Adams Pond Road that Penninchuck Water Inc. and the Town of Derry have agreed to cosponsor a water main extension project from the East Derry Library to the intersection of Adams Pond Road and Wright Road via Hampstead Road. The project is being administered by Penninchuck Water Inc. but once complete, the water main shall be turned over to the Town of Derry and all service connections shall be processed through the Town accordingly.

The work will be performed by R.H. White Construction Co., Inc.

Work shall begin **September 5, 2010** and be substantially completed by **November 15, 2010**. The typical work day shall be **7:00AM to 4:00PM** Monday thru Friday.

The scope of the project is to install approximately 8,500 linear feet of new water main along the streets as mentioned above. During a typical work day, East Derry Road/Hampstead Road and Adams Pond Road shall be limited to one lane of traffic in the immediate area of the excavation but the road shall be open on both lanes each night and on weekends. While work is in progress, access to individual driveways may be limited due to the location of excavation but any interrupted access shall be restored again at the end of the work day.

If you have any questions or concerns during the project, please contact Clint Havens or Mark L'Heureux at 432-6144.

Thank you for your cooperation.
