## Summary of Job qualifications:

The Dirt Doctors, LLC has been in operation since 2002. Prior to the Dirt Doctors we owned Outdoor World which performed and offered many of the same products and services as the Dirt Doctors. Services have included; tub-grinding, screening, and site work. The owner, Keith Anastasy, has been in the business of site work services since 1989. Keith has also attended courses in Technical Composting offered by The University of Maine, and subsequently holds a certificate of technical ability in composting

## Workload/ Completion of Scope of Services:

Staffing and equipment all on-site at business location and available, as scheduled, to begin grinding at off-site facilities. Grinding will be scheduled pursuant to the property where material to be ground is accessible and has space allocated for necessary equipment to move in and complete all grinding and material removal services.

## Equipment:

2011 Morbark 3800 grinder  
HL760, 4.5 yard loader  
Hyundai 210 Excavator

## Work to be Performed:

2 employees required to perform the work

## Screening/ Grinding References:
